## Timeline/Next Steps

Workgroup does not feel the need to 'hurry up' and use the money – we have until 2024 to allocate it or lose it

- Present to Board of Finance (September meeting)
- Define next steps, process, framework using direction from BOS and BOF
- Name and engage stakeholders and the public
- For existing capital items using ARPA funding, line up to FY 22/23 Budget session
- Consult with peer towns, professional associations, state and federal resources as needed
- Create a potential ranking system to use for ideas that meet criteria
- Create eligibility criteria for grant and revolving loan programs for 501(c)(3)
   agencies and local businesses; reporting mechanism for grantees
- Monitor status of federal infrastructure bill and potential impacts
