FITZGERALD & HALLIDAY, INC.
Innovative Planning, Better Communities

COGENT

PLAN DEVELOPMENT

Thomas J. Roy, PE - Director of Public Works

**Marcy Miller – Senior Project Manager, Associate
Fitzgerald & Halliday, Inc.**

WHY DO THIS PLAN?

- Build upon existing efforts
- Promote walking and bicycling
- Develop recommendations
- Establish 3-, 5-, and 10-year goals

COMMUNITY OUTREACH AND INPUT

- Advisory Committee
 - Provide insight on local conditions / issues
 - Brainstorm ideas with the project team
 - Review and comment on draft plan
 - Help raise awareness of the project
- Outreach materials
 - Project website
 - Business card
 - Brochure
- Pop up outreach events (3)
- Online survey

VISION STATEMENT

The Town of Simsbury will have an **expanded and ADA-accessible network of sidewalks, greenways, trails, and on-street roadway connections** linking people to jobs, schools, destinations, adjacent communities, and each other.

Through improving upon the existing infrastructure, **residents will enjoy improved quality of life, public health, and economic opportunity.**

GOALS

1. **Safety:** Improve pedestrian and bicyclist safety for all community members, regardless of age, ability, and experience

2. **Connections:** Improve connections to and between key destinations for employment, education, culture, recreation, and shopping within town and the overall region

3. **Education:** Educate all users, including pedestrians, bicyclists, and motorists, on how to safely share the road

4. **Economics:** Capture the economic benefits for local businesses that result from accessibility and an active, mobile community, sparked by an increase of pedestrians and bicyclists

5. **Branding and Wayfinding:** Foster the development of a cohesive Town brand that promote the culture of active transportation through coordinated and consistent designs, including signage

6. **Maintenance:** Identify appropriate goals and standards for maintenance to provide comfortable, attractive, and safe amenities for pedestrian and bicycle use

COMMUNITY FINDINGS & NEEDS ASSESSMENT

FINDINGS & NEEDS ASSESSMENT

Resident Issues Voiced at Pop Up Events

Lack of sidewalks

"Lack of sidewalks or pathways or even adequately wide shoulders on any of the roads..."

"...many busy roadways outside town center lack sidewalks or marked shoulders."

No lighting

"Poor or inconsistent lighting makes me feel unsafe...especially at dusk or at night."

"Lighting is terrible however one of the charms of Simsbury is that there are not street lights everywhere."

Conflicts with other modes

"Cars fly by...even along curvy, windy roads!...I always assume they are also distracted."

"Bikes use sidewalks even when there are bike lanes."

FINDINGS & NEEDS ASSESSMENT

Online Survey Highlights

- **878 responses!**
 - 66% provided their zip code
 - Of these, 90% were Simsbury residents
 - 530 Simsbury responses
- 88% walk or bicycle on the trails in Simsbury
- 52% drive to the trails they are going to use

Improvements that would encourage more trail use

FINDINGS & NEEDS ASSESSMENT

Online Survey Highlights - Safety

- 47% do not feel safe walking and biking in Simsbury!?
- Reason why include:
 - Distracted drivers
 - High vehicular speeds
 - Narrow shoulders
 - No sidewalks
 - Inadequate lighting
 - Wildlife encounters
 - Crime

Only 6% say Simsbury is less safe than in surrounding towns!

- Reason why cyclists are not on the roads:

- Safety / security (52%)
- Too much traffic (36%)

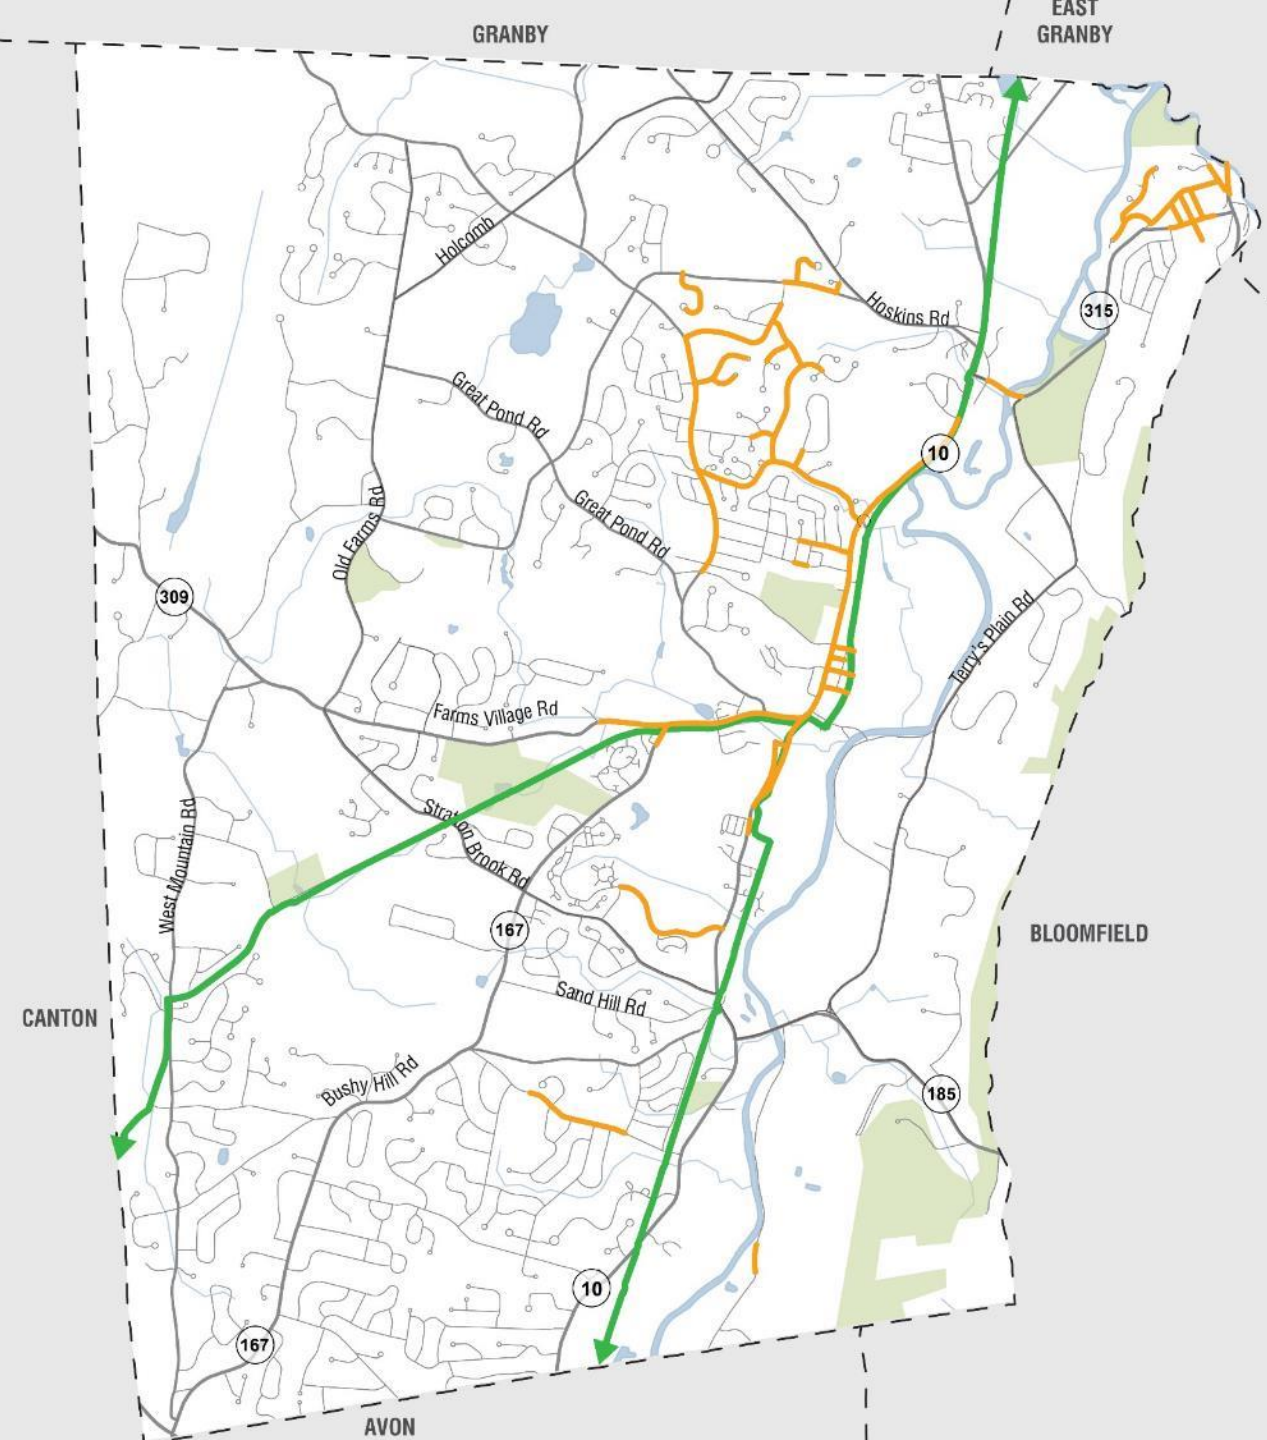

NETWORK NEEDS ASSESSMENT

Sidewalks 

FVHT / Farmington
Valley Greenway 

Where are the needs?

NETWORK NEEDS ASSESSMENT

Methodology

- Step 1: Inventory of input
- Step 2: Community engagement score based on number of listings
- Step 3: Other considerations
 - Identified in other studies
 - Connections to destinations
 - Crashes
 - High usage

NETWORK NEEDS ASSESSMENT

Top 10 network needs

State-maintained facility

RECOMMENDATIONS

RECOMMENDATIONS

Top need may not be top recommendation!

Considerations:

- Cost
- Timeframe
- Ease of implementation
- State-maintained facility

RECOMMENDATIONS

Example: Lighting

Considerations:

- Community feedback
- Prior commitments
- POCD

RECOMMENDATIONS

High, Medium and
Low Priorities

HIGH PRIORITY RECOMMENDATIONS

1

POLICIES & PROGRAMS

- School bicycle program expansion
- Bicycle Friendly Business program
- Safety / crash monitoring
- Trail user count program

HIGH PRIORITY RECOMMENDATIONS

2

NETWORK & FACILITIES

- Bloomfield to Tariffville Multi-use Path connection (3 segments)
- Hopmeadow Street signalized intersections existing crosswalk upgrades
- Firetown Rd sidewalk installation
- Targeted elderly and disabled intersection treatments
- ADA-compliant crossings

HIGH PRIORITY RECOMMENDATIONS

Concept Plans

2

NETWORK & FACILITIES

N12 - Latimer Lane at Mountain View Drive: Sidewalk Installation and Crossing Improvements

There is an existing sidewalk along Latimer Lane west of Latimer Lane School. This concept recommends extending the sidewalk east to the intersection with Hopmeadow Street. Recommendations also include the removal of the centerline pavement marking along Latimer Lane to calm traffic, which would be compliant with MUTCD standards since the road had an ADT of 2,100 according to 2013 traffic counts. This is a strategy that has been successfully utilized by nearby towns such as West Hartford.

An additional sidewalk along Mountainview Road would further strengthen the pedestrian connection to surrounding neighborhoods. Unique pavement markings, such as chevron or transverse, are recommended to alert motorists that they are approaching a school zone and to slow down.

Existing Conditions

1. **Tariffville Road:** Crossing improvements at Hopmeadow Street and FCHT / Multi-Use Path
2. **Tariffville Center:** Access management, sidewalk installation and placemaking improvements
3. **Massaco Street and Fairview Street:** Sidewalk installation and crossing improvements at Firetown Road
4. **Hoskins Road:** Sidewalk installation and crossing improvements at Clifdon Drive and Firetown Road
5. **Stratton Brook Road:** Traffic calming strategies and trail crossing improvement
6. **Latimer Lane:** Sidewalk installation and crossing improvements at Firetown Road
7. **West Mountain Rd:** Traffic calming strategies
8. **West Simsbury neighborhood to Simsbury High School:** Shared use path

20	Iron Horse Boulevard	7	0	5	5

RECOMMENDATIONS

When thinking about recommendations...

1) WHERE should facilities go? → Network Recommendations

- Fill in the gaps
- Make connections

2) WHAT should go there? → Facilities Recommendations

- Best practices
- New sidewalk or improved sidewalk?
- Bike parking, streetscape amenities, water fountains, etc.

MEDIUM & LOW PRIORITY RECOMMENDATIONS

1

POLICIES & PROGRAMS

- Road safety campaign for all users
- Walk Friendly Community designation
- School bicycle and pedestrian promotion program
- Bicycle tour that showcases Simsbury
- Bicycle parking guidelines
- Complete Streets policy
- Town road safety audit program

MEDIUM & LOW PRIORITY RECOMMENDATIONS

2

NETWORK & FACILITIES

- Hopmeadow St at Drake Hill Rd crossing
- Hopmeadow St at Fitzgerald's Market / Simsbury Public Library crossing
- Lane narrowing program
- Hopmeadow St at the Quad Hill Rd trail entrance crossing

MEDIUM & LOW PRIORITY RECOMMENDATIONS

3

SIGNAGE & WAYFINDING

- Update trailside kiosks
- Farmington River Trail signage

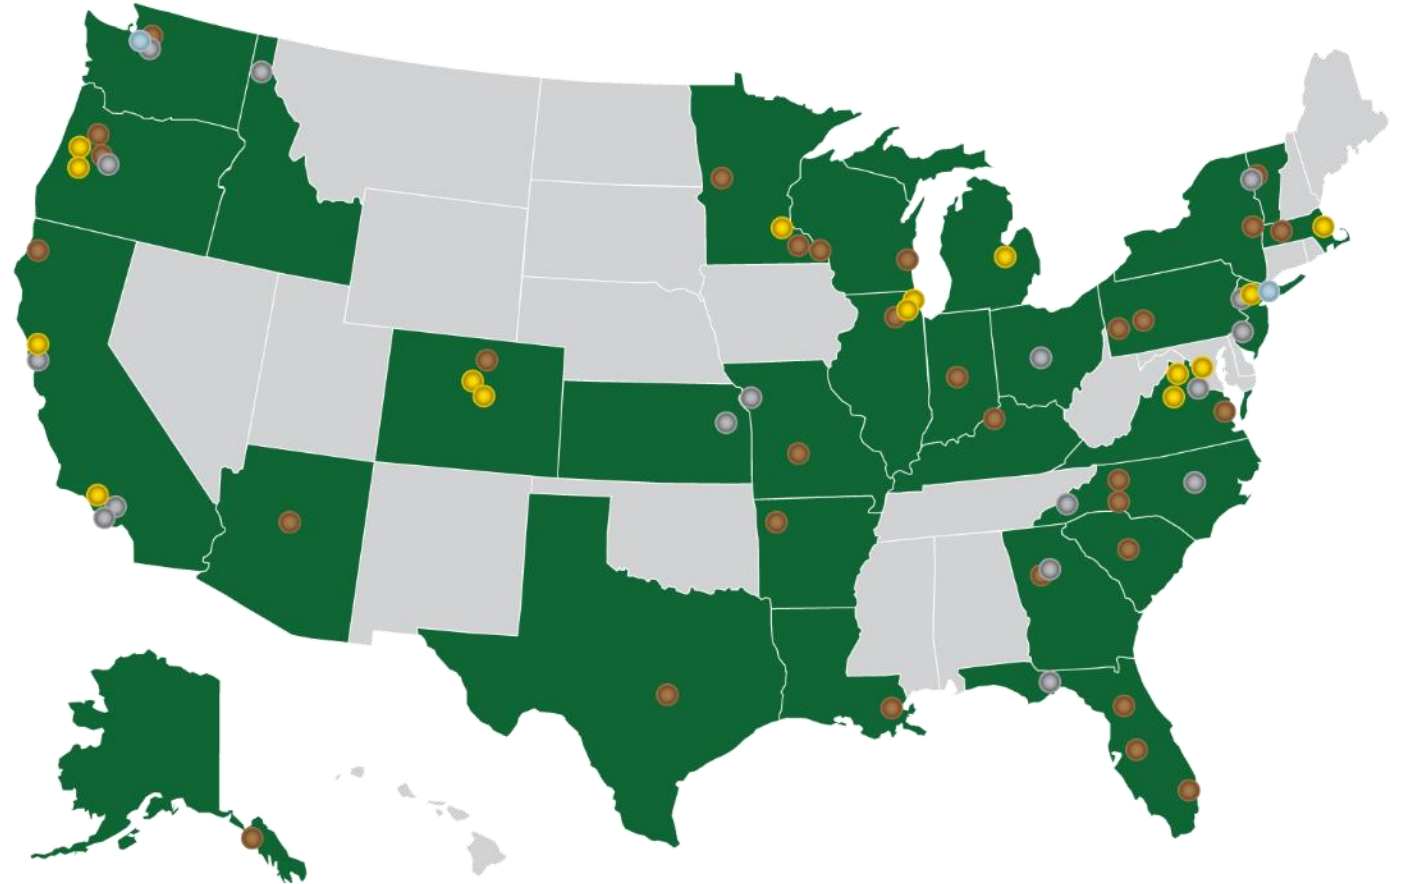

WALK FRIENDLY COMMUNITY

The Details

- Program began in 2011
- Bronze, Silver, Gold, or Platinum designation
- A number of cities have achieved gold and silver status
- No CT communities designated

WALK FRIENDLY COMMUNITY

What they look for

1. Community information, data, and evaluation
2. Planning and policy
3. Education and encouragement
4. Engineering and design
5. Law enforcement

WALK FRIENDLY COMMUNITY

Self Assessment Tool

- **COMMUNITY INFORMATION, DATA, AND EVALUATION**
 - Pedestrian coordination / dedicated staff
 - Guiding policy statement or strategy (e.g. Vision zero)
 - Nonmotorized count program
 - **Analysis of safety data**
- **PLANNING AND POLICY**
 - **Pedestrian plan with routine implementation tracking and review**
 - Targets for increased mode share and safety
 - Complete streets policy
- **EDUCATION AND ENCOURAGEMENT**
 - **Safe Routes to School Programs**
 - Public education or safety campaigns
 - Open Streets and other events

- **ENGINEERING AND DESIGN**
 - Sidewalk design and network coverage
 - Comprehensive design guidance
 - Formal traffic calming & speed management program
- **LAW ENFORCEMENT**
 - Dedicated traffic safety unit
 - Targeted pedestrian safety enforcement operations
 - Interdepartmental collaboration and cooperation

WALK FRIENDLY COMMUNITIES SELF-ASSESSMENT

Many cities and towns are already developing and implementing the initiatives, policies, and programs recommended by the Walk Friendly Communities program. Using this checklist will help your community document existing activities, identify those areas where you can grow your programs, and put you on the path to develop a Walk Friendly Communities application. The items in the checklist represent some of the key components of a Walk Friendly Community, but they do not include all of the items in the full Community Assessment Tool.

To learn more and submit a full application, visit www.walkfriendly.org.

COMMUNITY INFORMATION, DATA AND EVALUATION

- Pedestrian coordinator/dedicated staff
- Guiding policy statement or strategy (e.g. Vision Zero)
- Nonmotorized count program
- Analysis of safety data

PLANNING AND POLICY

- Pedestrian plan with routine implementation tracking and review
- Targets for increased mode share and safety
- Complete streets policy

EDUCATION AND ENCOURAGEMENT

- Safe Routes to School programs
- Public education and safety campaigns
- Open Streets and other events

ENGINEERING AND DESIGN

- Sidewalk design and network coverage
- Comprehensive design guidance
- Formal traffic calming and speed management program

LAW ENFORCEMENT

- Dedicated traffic safety unit
- Targeted pedestrian safety enforcement operations
- Interdepartmental collaboration and cooperation

"Our city takes pride in recognition of the work that we do by organizations such as Walk Friendly Communities. Putting our city in the national conversation of multimodal planning played a role in City Council choosing to continue funding pedestrian projects at a high level."

— Walk Friendly Community: Charlotte, North Carolina
