We work with residents & families to ensure smooth transitions and if needed, will act as a liaison with local care providers to ensure successful discharge and a return to independent living at Virginia Connolly Residence.

Take advantage of free monthly wellness clinics.

AFFORDABLE...

Finding affordable housing for seniors can be a daunting task. Many do not have the means to rent an apartment, pay monthly bills, and most importantly, cover the cost of their medications.

Our apartments are priced based on an individual's annual income.

Residents must meet income requirements.

Rent subsidies are available for those who qualify.
