## **Press Release**

Simsbury, CT March 23, 2013

Simsbury Public Schools and the Simsbury Police Department would like to caution parents/students about a computer virus in the form of a shared video through Facebook. The shared video appears to be from a friend. The video has been received by some Farmington High School students on their personal Facebook accounts. The video is pornographic and involves a very young child. Once opened, the video virus automatically attaches to the individual's Facebook account and is shared with his/her Facebook friends.

If your child has a Facebook account, please tell your son or daughter to refrain from clicking on any shared videos. If the shared video can be deleted, please delete the shared video immediately.
