At their regular meeting on March 26, the Culture, Parks and Recreation Commission received presentations from 4 prospective Eagle Scouts for their community projects. They were as follows:

Will Sickinger – Construction of a batting cage at Town Forest Park

Dan Hsu – Repair and renovation to two bridges and a retaining wall on the Simsbury Farms Fitness Trail.

Rigby Michaelsen – Construction of a storage shed at Simsbury Farms for use by the local Special Olympics program.

John Mundt – Construction of a visible entranceway and related signage to the bike trail from West Mountain Road to Town Forest, and cleanup of the entrance on Bushy Hill Road.

The Commission was very impressed with the nature of the projects and the quality of the boy's presentations. They voted unanimously to recommend the projects to the Board of Selectmen for final approval.

With the exception of John Mundt, who is out of town with his family, the scouts will be at the meeting to discuss their projects and answer any questions from the Board.

Town Forest Batting Cage Eagle Scout Project Proposal Summary

Will Sickinger

My proposed Eagle Scout Project is to build a second batting cage at Town Forest baseball field. I plan on building between the existing batting cage and the shed/third base dugout. It is going to closely replicate the size of the existing one, and I have spoken with Mr. Cap, who constructed the original cage, and he has suggested some ways to “enhance” this one. The idea behind this project comes from my experiences growing up as a baseball player in Simsbury. There are three Babe Ruth baseball fields in Simsbury, two of which already have two batting cages on site. From personal experience, I know that access to two batting cages makes the pre-game process for both teams much smoother. Adding an additional batting cage at Town Forest field will create a better playing experience for the players and coaches who heavily use it three seasons of the year. As for the size of the cage, the net is 55 feet long, 12 feet high and 14 feet wide. I will also put a 3 inch layer of stone dust under the cage. I will use 4x4’s for the main posts in the frame, and set them 2 feet in the ground in concrete (as suggested by Mr. Cap). I will use 2x6’s across the top to connect the 4x4’s, width and lengthwise. There will be 4 frame pieces spaced 18 feet apart on center, and there will be an additional 2x6 in the middle of each space between the frame pieces for additional support of the net. The projected cost of this project is \$2200.

Project: Simsbury Farms Walkway Renovation

Builder: Dan Hsu

Objective:

- Remove and restore, one retaining wall.
- Renovate, one small 4ft bridge
- Add on to, one larger 8 foot bridge

Reason for building:

Retaining wall is in a very poor state. Smaller bridge get washed out each spring because of its dirt foundation and structure. The larger bridge is half built and needs added features,

Where: Woods behind the 9th hole of Simsbury Farms Golf Course

Expected build time: Fall of 2015

THE SPECIAL OLYMPIC'S SHED

By Rigby Michaelsen

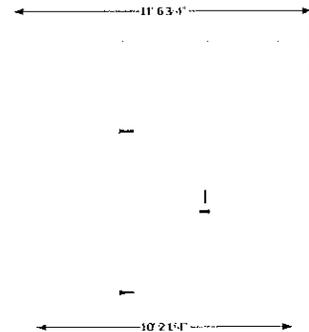

There is a tight-knit community here in Simsbury, Connecticut. Families with children who have intellectual disabilities come together often to support each other in an extraordinary way. We help each other in times of need, we have birthday parties at each other's houses and we bond in a way only those with family members with disabilities can. This bond is forged and strengthened in the Special Olympics program. Here kids and adults with

intellectual disabilities can practice and compete in a sport together uninhibited. It is a very special part of Simsbury that everyone can be proud of.

There are many Special Olympics sports in Simsbury. Special Olympics bowling, Special Olympics swimming, Special Olympics snowshoeing, Special Olympics track and field, just to name a few. As an active volunteer and coach, I can say for certainty that these programs benefit the town. They help integrate families into the community and encourage people to move here. It provides an opportunity for the athletes to compete in sports that may not be available to them otherwise. It is great for volunteers like me as it teaches me valuable people skills and enhances my teaching skills.

But the Simsbury Special Olympics has a problem that I would like to address. As the participation grows at a rapid rate, the gear we use for our various games doesn't have a secure location to be stored. As of now the various coaches keep it in their residences. This makes access to the equipment difficult, and it is a burden on the coaches who have to keep track of it off-season. It can often get lost or damaged while in storage.

I have the resources and manpower to build a shed to store this gear. The shed will be 10x10 ft with one window and a custom door. Shelves and bins will be installed inside to store gear like golf clubs and shot puts. This shed will be built on Simsbury Farms property, a safe and accessible location. The boys from my troop, along with the families who participate in Special Olympics, will help me construct the shed. Construction will be quick and noninvasive on Simsbury Farms. The shed will

be a huge benefit to the community and strengthen the Special Olympics community. Thank you.

Jack Mundt BSA Troop 76 Eagle Scout Project:
West Mountain Road - Farmington River Trail Bicycle Entranceway.

The Simsbury Bicycle Community would like to have a visible and durable entranceway on West Mountain Road. The entrance is presently overgrown and bike riders have trouble finding it. Having a visible entranceway would also promote usage of the trail. As this trail was part of the original Central New England Railroad right of way, the project would include clearing the area of brush and using old train rails and ties to create the entrance markers. This would help to honor the history of the trail for those who are using it today.

There were two design concepts under consideration. The initial design would include two elevated 6 foot rail sections flanking each side of the trail entrance. Clearance for emergency vehicles was a concern with this layout.

The second and more open design has a rail section cemented upright into the ground as a sign post and painted with a visible color. A traditional railroad crossing buck marked River Trail Bike Path would top the post and steel plate signs shaped as railroad semaphore flags would be welded to the rail and marked with direction arrows and mile markers to Stratton Brook Road and Downtown Simsbury because these were once station stops for the railroad. Two sections of railroad ties painted yellow would border each side of the trail for visibility.

A second part of my project would be to clean up the brush and growth at the Bushy Hill Road entrance to make it more visible.

I would like to begin my fundraising efforts now and start work once the ground is thawed and workable. Expected completion time is by the end of June.

Tootin Hills PTO Duck Race Proposal

Tootin' Hills Duck Race

Friday, May 29th 2015 4-6pm,
Flower Bridge on Old Bridge Rd.
Simsbury, CT

Event Details:

Two duck races will take place that day. The Business Duck race will be at 4.30pm followed by the regular duck race at 5.15pm. We are expecting approx. 300+ visitors for this event.

Business Ducks: Local businesses have a chance to adopt a large rubber duck for \$100 and decorate it to their liking. The ducks will race against other business ducks for a chance to win a trophy which they will be able to display at their facility to show their support to our school.

Regular Ducks: Anyone can “adopt a duck” for \$5. You can purchase tickets around town (Tootin Hills, Fitzgeralds, Avon Prime Meat, Collinsville Kanoe&Cayak..). The rubber ducks will race down the Farmington River in the vicinity of the Flower Bridge. All ducks are confined in the race track. Participants don't have to be present to win the race. Winners will be notified by the Tootin Hills PTO after the race.

Set up of race: A floating racetrack will be constructed by John Schnyder. The rubber ducks will be put in the water at the same time by fisherman nets and with the help of Collinsville Canoe and Kayak and the Simsbury Fire Department. The ducks will be confined during the entire race. At the finish line there will be a PVC type funnel where the winning ducks have to get through. The first 4 ducks will win the following prizes:

1st prize – 1 night stay with Breakfast at The Mayflower Inn, Washington CT (Value \$650.00) 2nd prize – 4 Park Hopper Passes for Disney Theme Parks (Value \$536.00) 3rd prize - \$250 cash, 4th prize - \$100 cash

After the race, all ducks will be put back into the fisherman net and taken out from the water. We are planning to run a test run before the race.

For safety reasons, we will be closing off the area to the left of the Flower Bridge where there is a little path down to the water. Only authorized volunteers from Collinsville Kayak and Adult Volunteers from Tootin' will be able to enter that area if needed. The 5th grade parents of Tootin are signed up for Water safety. Their job will be to make sure no one unauthorized will go down the water and they will also help in the water with kayaks.

Parking: Guests are encouraged to park at Iron Horse Blvd Parking lot. **1 Police Officers** will be hired for the duration of the event to help keep guest safe while crossing Drake Hill Rd and Iron Horse Blvd.

Permit: a permit to hold a Duck Race Raffle has been approved and obtained from the State of CT Gambling Dept.

Event area: We will be using the parking area of Old Bridge Rd. for a **max. of 5 small carnival games**, supplied by our school. Games will be “Heublein Tower Minigolf”, “Duck, Duck Match”, “Rain Gutter Boat Race”, an inflatable slide and a Dunk Tank. Each game will be **supervised by parent volunteers** during the event **and games are offered free of charge** for all visitors.

Simsbury Volunteer Fire department will also bring a Fire truck to the area. They will help with the setup and break down of the racetrack, will be there for safety and kids will be able to visit and touch the truck.

Spectators are encouraged to stay on this area and the bridge during the race. We will ask guests not to use the green space on the side of Riverside Rd and right next to the bridge (as it is private property) and will place a sign at the end of the bridge marking the end of the Duck Race event.

We will also be having **1 Food Truck (Kane’s) and 1 Ice Cream Truck (TCBY), a First Aid station manned by a nurse, and a duck selling station**, all located on and along Old Bridge Rd. In addition we will have **2 Porta Potty’s** (one of which will be handicap accessible) and **trash containers**. A **DJ** will be stationed in front of the house on Old Bridge Rd. and will play kids friendly music and countdown the race. We will make sure that the music does not overpower our event, in consideration to all neighbors on Riverside Rd. and our guests.

Promotion: Flyers and Posters will be displayed at businesses around town. Plans are to have a banner at the Ethel Walker Fence on Bushy Hill Rd and another banner by the Flower Bridge at the event. “A” signs will be displayed around town and there will be selling stations around town (Tootin Hills, Fitzgeralds,...) Permits for such signs and banner will be submitted to the Town of Simsbury.

Clean up: Tootin’ Hills PTO and their volunteers are responsible for all set up and clean up before and after the event.

Duck Mascot: A duck mascot will be walking around town leading up to the race to promote the event. On Race day and before the event starts, we will place the mascot (an adult always accompanied by another adult) on the corner of Hopmeadow St. and Drake Hill Rd. Once the event starts, the mascot will be at the event.

Rain: Incase of high currant in the water, dangerous conditions or rain, the event will changed into a raffle. 4 ducks will be randomly picked out and will be considered the winners of the Duck Race. Several witnesses will be part of this process.

BOARD OF SELECTMEN MEETING **AGENDA SUBMISSION FORM**

1. **Title of Submission:**
2. **Date of Submission:**
3. **Date of Board Meeting:**
4. **Individual or Entity making the submission: (Please include complete contact information. The identified individual(s) should be prepared to present information to the Board of Selectmen at the Board Meeting):**
5. **Action requested of the Board of Selectmen (Acceptance of gift, creation of reserve, approval of contract, information only, etc. Be as specific as possible with respect to the desired action of the Board.):**

The Individual or Entity making the submission requests that the Board of Selectmen:

The Simsbury Performing Arts Center, Inc. request the Culture, Parks and Recreation Dept of Town of Simsbury to contract with the fireworks vendor (American Thunder Fireworks) to put on the two 2015 fireworks displays - one is at the TMMF Celebrate America Concert, scheduled for July 3, and the second is at SeptemberFest, Friday, Sept 11. The Town has existing insurance coverage, and it would be prohibitively expensive for Simsbury PAC, Inc. to obtain coverage for fireworks events.

The Simsbury Performing Arts Center, Inc. will find a sponsor to reimburse the Town for the cost of the fireworks (as we did last year).

In order to reserve the dates with the vendor, the Town should sign the contract with American Fireworks as soon as possible.

6. **Summary of Submission (Include in your summary (i) relevant dates and timelines; (ii) parties involved; (iii) a description of financial terms and conditions specifically identifying the financial exposure/commitment of the Town of Simsbury; (iv) whether or not contracts, licenses and other legal documents have been reviewed by the Town's counsel; and (v) other information that will inform the Board of Selectmen's consideration of your submission. Include any additional information in an attached memorandum.):**

American Thunder Fireworks has reserved the two dates but we must sign a contract for them to commit to the schedule.

The Culture, Parks and Rec Dept. of the Town has contracted with American Thunder Fireworks for many years to provide fireworks for TMMF, for SeptemberFest and for other Town events.

The cost for these two events will be covered by the Simsbury Performing Arts Center, Inc. through sponsorships as was done last year.

7. **Financial Impact (Include a description of any impact on the finances of the Town of Simsbury):**

none

8. **Description of documents included with submission (All documents must be in final form and signed by the appropriate party.):**

The following documents are included with this submission and attached hereto:

The Individual or Entity making the submission requests that the Board of Selectmen:

Refer, pursuant to General Statutes §8-24, the proposed mutual exchange of property between the Town of Simsbury and the State of Connecticut to provide a continuous public right of way on Town Forest Road to the Planning Commission for its review and report.

6. **Summary of Submission (Include in your summary (i) relevant dates and timelines; (ii) parties involved; (iii) a description of financial terms and conditions specifically identifying the financial exposure/commitment of the Town of Simsbury; (iv) whether or not contracts, licenses and other legal documents have been reviewed by the Town's counsel; and (v) other information that will inform the Board of Selectmen's consideration of your submission. Include any additional information in an attached memorandum.):**

The Town of Simsbury has been working with Connecticut Natural Gas ("CNG") on the potential installation of a gas line along Town Forest Road which, among other things, would enable the use of natural gas at the Town Garage. The road is currently owned by

the State of Connecticut (although it has been maintained by the Town for years) and the exchange is necessary to the installation of the gas line.

The attached letter from Town Counsel explains the elements of the transaction and the need for a §8-24 referral.

Financial Impact (Include a description of any impact on the finances of the Town of Simsbury):

The Town will be responsible for recording costs associated with the transactions involved. The Town has been maintaining Town Forest Road (in order to preserve access to the Town Garage) and no additional cost will be incurred for maintenance. As noted in Town Counsel's letter, the Town will also incur risks in connection with title to the property and any environmental conditions that might come with the property.

7. Description of documents included with submission (All documents must be in final form and signed by the appropriate party.):

The following documents are included with this submission and attached hereto:

Letter from Town Counsel dated April 7, 2015 with attachments.

Re: Mutual Exchange of Property Between
The Town of Simsbury and the State of
Connecticut Department of Transportation

Dear Ms. Heavner:

Town staff has been working on a mutual exchange of properties between the Town of Simsbury and the State Department of Energy and Environmental Protection ("DEEP") as depicted on the attached Land Exchange Plan dated 3/13/2014. The purpose of the exchange is to provide a continuous public right of way from Nimrod Road to Stratton Brook Road. Town Forest Road is currently owned by the State of Connecticut

The proposed mutual exchange of deeds includes the following elements:

1. There will be no financial compensation required for the transaction.
2. The State DEEP will quit-claim its interests in its parcel, while DEEP is requiring a warranty deed from the Town for its interests in its parcel. This is standard practice for land transactions with the State of Connecticut. The quit-claim deed from the State does not protect the Town from liability for unknown land claims, such as adverse possession claims.
3. The State has not provided the Town with any documentation of the environmental condition of the property it is conveying.
4. The Town will assume maintenance responsibilities for Town Forest Road after the recordation of the deeds.
5. The Town is responsible for any recording costs associated with these transactions.

Enclosed please find the proposed deeds and maps that implement this proposal. We have reviewed the form of the deeds and they are approved. The first step in the process is for the Board of Selectmen to refer the proposal to the Planning Commission for its review and then issuance of a report pursuant to General Statutes §8-24.

Once the Planning Commission issues its report, the Board of Selectmen can consider and act on the acceptance of the State-owned land and the disposition of the Town-owned land.

Should you have any questions, please do not hesitate to contact me.

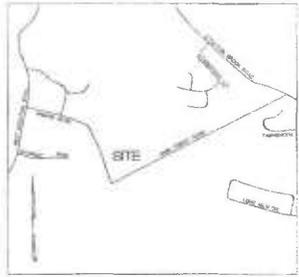

Very truly yours,

Memorandum: Winter Salt, Overtime Report & Equipment Maintenance

To: Board of Selectmen
CC: Tom Cooke, Joe Mancini
From: Thomas J. Roy, Director of Public Works
Date: April 1, 2015

As we are now finally through this long winter season, I have prepared a summary of the Highway Department expenses for overtime and road salt used this year. While the costs this winter exceeded our budget, I can report that the Highway Department was able to meet our objectives and keep our roads safe during the numerous winter storms.

Overview of Winter Season:

The Department supplied labor and materials for 43 snow and ice events this winter. This is an unusually high number of events. Although these events did not all result in large snowfall volumes, the costs associated with the small snow storms, freezing rain and icing events, coupled with extreme cold temperatures had a dramatic impact on the Highway Department's budget. Additionally, 18 storm events were on weekends or holidays resulting in higher labor costs.

Overtime Budget:

The overtime budget for the Highway Department is \$136,850. This is based on a five year rolling average and is used for snow removal, scheduled over time, emergency call-ins (road closures, water over the road, fallen trees, etc.), and on-call duty assignments. To date the Department has exceeded our budget by \$64,422.20. Additional overtime expenditures for the remainder of the year are estimated at \$4,000. This additional overtime will be used to cover emergency call-ins and overtime related to our household hazardous waste collection.

Salt Budget:

The Highway Department used 2,934 tons of salt at a cost of \$237,549; resulting in a \$17,549 deficit. We have historically budgeted for 2,750 tons of salt, with a budgetary cost of \$220,000.

Parts and Supplies:

With the increased number and duration of this winter's storm events our fleet of plow trucks has suffered a number from routine mechanical breakdowns. Essentially, the more hours the equipment runs, the more repairs are required. Although the majority of these repairs were completed by our in-house mechanics the cost for parts has exceed our anticipated budget. As we have several months remaining in the year our Parts & Supplies account is trending to be \$21,000 beyond our allotted budget of 102,000 by the end of the fiscal year.

Transfer Request:

As this difficult winter has caused our Department to exceed our budget, I would like to request a transfer from reserves as follows:

	<u>Over Budget</u>	<u>Account</u>
Over time - expended	\$ 64,422	100-44310-51030
Over time - anticipated	\$ 4,000	100-44310-51030
Salt expended	\$ 17,549	100-44320-53410
Parts-Supplies	\$ 21,000	100-44310-53600
Total	<u>\$ 106,971</u>	

Thank you for your consideration of this request. If you have any questions, please let me know.

Letter of resignation

February 24, 2015

To whom it may concern,

It is with great regret that I must resign from the Tourism board. During the 2 years on the board, I have met many great individuals and learned many great new things about our wonderful town. I only wish I could put forth more time and energy into this board, but due to a very busy and growing business that I own, I must put any and all of my time and effort into that to ensure success. Tourism deserves someone who has the capability to attend all meetings, put forth many ideas, and put those ideas into action. Right now, I am unable too meet all of those standards.

Thank you,

Angele M. Campbell

Request for Qualifications - Architectural Services

April 7, 2015

1.0 INTRODUCTION

The Town of Simsbury anticipates undertaking a project ("Project") that will involve the development and execution of a plan to construct a new Senior/Community Center. The Project is to be developed on a town owned parcel known as the Simsbury Meadows. There are several public facilities located on the site including the Performing Arts Center (PAC), the Boundless Playground, the Dog Park, and three (3) recreational athletic fields. The site is also adjacent to an open space parcel with significant environmental and ecological features. These various uses will require a careful integration of the new facility into the site. In addition, the Project will include a review of the needs of the Performing Arts Center, Inc. for accommodating possible shared amenities in the Project.

This Request for Qualifications is for the solicitation of Architectural and Site Engineering Services for the Project.

Ms. Cook asked about the timeframe of the project. Mr. Wagner said the Town should know about receiving the money by August 2015, however, this is a “blank contract”, and it will take several months to proceed with the process.
