## Press Release

### Fraud Alert

Simsbury, CT March 4, 2014

Simsbury Police is investigating several complaints from residents reporting that an automated system representing Simsbury Bank is calling their homes in attempts to solicit account numbers. The automated system states that there is a problem with their account and asks for account information. Simsbury Bank has been notified of the calls and has issued a fraud alert on their web site (<http://www.simsburybank.com>). Residents are advised not to give out their account information if they receive this call and it is suggested that they simply hang up.
