Hi all, I was informed by Town Clerk Carolyn Keily and Town attorney that The Hartford land use committee has one too many Republican appointees to meet the requirements of state law. In order to comply, I would like to add one more Democrat to the subcommittee. Please let me know if someone from the Finance Board or the Economic Development Commission is interested in serving and I will bring the additional name to the BOS for approval. Thanks so much.

Mary

Attached is the current list of members of the Hartford Land Use Study Committee.
CGS Sec. 9-167a limits the number from the same party to 5 on an 8 member board.
