Hopmeadow St.
Simsbury, CT 06070**

Dear Mary:

I'm writing to inform you that, after approximately twenty years of serving on the Town Public Safety Committee, I will be resigning from the Committee effective immediately.

I have thoroughly enjoyed serving with all of the emergency organizations represented on the Committee and I am very proud of what the several organizations have contributed to the safety and well-being of the citizens of Simsbury. An excellent group of individuals who take their mission seriously.

The time has arrived in my "retirement life" where I find it is difficult for me to participate due to conflicts with our personal life, especially with all the travel that Pat and I do visiting with family. The meeting schedule tends to conflict with our plans and I feel "guilty" by not being able to attend the meetings and contribute.

Thanks for the opportunity to serve and for your support over the years.

Regards;

Bill Ketchabaw
