

TOWN OF SIMSBURY

ADDENDUM 1

REQUEST FOR PROPOSALS

FOR

Public Works Truck Wash Mechanical and Wash System Design and Construction

On July 28, 2016 the Town conducted a Pre-Request For Proposals meeting and inspection to review the scope of work for the proposed work and to clarify the project requirements including the limits of the work and the intent of the project.

In response to questions raised at the meeting we offer the following clarification:

- Contractor will be required to obtain a building permit for this structure. The cost for Town portion of building permits will be waived and the State fees of the building permit (\$0.26/\$1,000 construct cost), will still apply.

END
