

WSIM Mission statement

103.5 FM

WSIM (103.5 FM) Is Simsbury's nonprofit community radio station operating under the policy and procedures of the FCC and the Simsbury Fire District. The radio station serves the interests of the citizens of Simsbury and those within its listening area.

Serving the public through live radio broadcasts and pre-recorded programming will consist of:

Communication of information in advance of, during and after emergencies or other significant events that could impact the flow of life for the citizens of Simsbury and listening audience.

Production, sponsoring and presentation of volunteer community service programs or other program services available or potentially available to actively develop, enrich, empower and advance community civic duties, citizen responsibilities, cultural and moral values within the community.

Public presentation of accurate, objective and comprehensive news and weather events that affect the community it serves.
