

MINUTES
CONSERVATION COMMISSION/INLAND WETLANDS
AND WATERCOURSES AGENCY

REGULAR MEETING JANUARY 4, 2022 7:30 PM

CALL TO ORDER: 7:30 PM

ROLL CALL: Present – Chairman Winters, Commissioners, Eaton, Levy, Campolieta. A quorum was established. Wetlands Agent Tom Hazel was also present.

PUBLIC HEARINGS: None

NEW BUSINESS: None

OLD BUSINESS:

Application #21-24 660 Hopmeadow Street – Town of Simsbury, applicant – Dyno Nobel, owner – Replacement and installation of new sewer line within the wetlands.

A WPCA representative Tony Piazza was present to give an overview. The area of concern is the new sewer line being installed on the southern end of Dyno Nobel. The reason for the re-alignment is due to the security limited access to the infrastructure within Dyno Nobel. This will put the sewer line outside the security zone allowing for easier access for maintenance. The area being disturbed is a previous environmental cleanup zone and even though it has been remediated the soils on site need to stay on site. So WPCA plans to dig a trench and refill with the soils removed. The area under the abandon rail bed in the area of a small stream there will be jack pits to pull the pipe under those features without disturbing either feature. The area of disturbance will be approximately 8 feet wide within their 30-foot easement. There will need to be the removal of approximately 30 trees. The disturbed area will be reseeded with a conservation mix.

Motion: Commissioner Levey made a motion that the proposed activity is a regulated activity. Commissioner Campolieta seconded, all voted in favor (4-0-0).

Commissioner Levey made a motion that the proposed activity is not a significant activity. Commissioner Campolieta seconded, all voted in favor (4-0-0).

Commissioner Levey made a motion to approve application 21-21- 660 Hopmeadow Street sewer line installation with standard conditions and the condition that a conservation mix be used to reseed the disturbed areas. Commissioner Campolieta seconded, all voted in favor (4-0-0).
