RE: Request for Proposal – Survey Services
Firetown Road Sidewalk Gap Closure

This Addendum No. 1 includes responses to questions received to date.

- Q1:** Can you please let me know how far the northerly survey limits extend so I can make an accurate proposal for our survey services? Does it extend to the centerline of the road, curbline across the street, streetline?
- R1:** The survey limits should extend 20-linear feet to the west of the edge of curb where the sidewalk is proposed, as well as 50 linear feet to the west of the edge of curb where delineated on the concept plans. Western top of curb, bottom of curb, and gutter grades of the road shall be surveyed. Sufficient data shall be collected at intersection crossings. Location of the centerline of Firetown Road is not required. The eastern gutter, eastern curb and all areas to the east of Firetown Road are not included in this request for proposal.

THIS ENDS ADDENDUM NO. 1.
