~ Thomas J. Roy, P.E. – Director of Public Works ~

## ADDENDUM No. 1

### TOWN OF SIMSBURY

### Request for Proposals

### FOR

### REGIONAL HOUSEHOLD HAZARDOUS WASTE COLLECTIONS

**The information provided in this Addendum is intended to supplement and clarify the existing information in the RFP and is not to replace any part of the specification unless clearly indicated as such.**

---

In observance of Martin Luther King Day the Department of Public Works was closed on Monday January 21, 2019. Since this addendum answering all questions received has been delayed, all proposals shall be due **Tuesday, January 29<sup>th</sup> at 10:00am** in the Office of the Director of Finance.

Below are responses to questions we received to date:

- Question:* What is the number of staff that will be supplied by the Town?  
*Response:* **An adequate level of Town staff will be provided to help facilitate receiving and recording all incoming cars. Town staff will not provide any direct support to the collection process.**
- Question:* Is Paint Care a part of the program?  
*Response:* **Yes**
- Question:* How are invoices split between the Towns?  
*Response:* **The invoice is split between the five participating towns by the percentage of cars from residents who participated in the event.**
- Question:* Does the Town supply covers for drains?  
*Response:* **Yes, rubber mats shall be provided.**
- Question:* Please further define the difference in chemical makeup and/or packaging between item # 1 – Acids and #22 Inorganic Acids and #30 Organic Acids. What would be in # 1 that cannot be in #22 or #30?  
*Response:* **This is an oversight in the Bid Form. Please skip #1 and fill out #22 Inorganic Acids and #30 Organic Acids.**

# Town of Simsbury

66 TOWN FOREST ROAD, SIMSBURY, CONNECTICUT 06070  
Phone (860) 658-3222 Fax (860) 408-5416 E-mail troy@simsbury-ct.gov

~ Thomas J. Roy, P.E. – Director of Public Works ~

*Question:* The asbestos (friable and non-friable) would need to come to the event already double bagged and wetted per DOT guidelines. Sealed bags would need to fit into drums or a CYB. Can we get assurance that this will be the case?

*Response:* **No asbestos shall be accepted at any of the Household Hazardous Waste Collections. Asbestos is an unacceptable item.**

*Question:* Please further describe item #4 – ammonia. Do you mean an ammonia based window cleaning solution or an ammonia gas lecture cylinder?

*Response:* **Ammonia based window cleaning solution is the intent of this line item.**

*Question:* Please further define #7 – bulk solvents and #14 – flammable liquids. Am I to assume that #7 is gasoline and solvents bulked into 55 gal drums and #14 are smaller items of flammable liquids, not poured up and loose packed into 55 gal drums?

*Response:* **The assumption is accurate. All gasoline shall be placed into 55 gallon drums and other flammable liquids into separate containers.**

*Question:* Please further describe the chemical/physical makeup of item #35 – PCB Solids? Please list typical items we should expect to see in this category? What is the typical PCB ppm level of the material? Is the material TSCA or Non-TSCA?

*Response:* **No asbestos shall be accepted at any of the Household Hazardous Waste Collections. Asbestos is an unacceptable item.**

*Question:* Will forklifts be provided at the events for our use?

*Response:* **No forklifts shall be provided by the Town.**

*Question:* Will the sites furnish a trash bins for our use during the events to dispose of trash generated?

*Response:* **Two (2) 30 yard dumpsters shall be provided to the Contractor for disposal of trash generated.**

*Question:* Who is you current or most recent vendor for these services?

*Response:* **Clean Harbors Environmental Services**

*Question:* Please provide the most recent bid pricing for the line items outlined in this RFP.

*Response:* **A copy of the two most recent invoices is attached to provide information on typical quantities and chemicals collected.**
