

Tariffville Neighborhood Plan

Request for Proposals

Questions and Responses 1-23-2024

1. Do you have a map defining the boundaries of the Tariffville neighborhood for this study or can you provide a description of the borders by roadway or other geographic elements?

Answer:

2. Has the town set a budget for this project?

Answer: The Town has allocated funding at a maximum of \$50,000 for FY 23-24 and 24-25, totaling \$100,000 to be used for a planning process. This amount is not to be assumed as a maximum budget. Cost will be a factor in the decision-making selection process. The final budget will be determined in conjunction with the selected consultant.

3. Could you please let me know if the Town has a preliminary budget figure allotted for the plan and if you have an anticipated deadline or date for the plan to be completed?

Answer: See above, regarding budget. We estimate the neighborhood planning process would take up to one year.
