Simsbury Farms Complex Committee

November 10, 2011

Minutes

Present: Tom West, Chairman, Ron Patterson, Tony Braz, Chuck Ford
C.P.& R. Commission – Harry Ryan, Gerry Wetjen
C.P.& R. Director – Gerry Toner

Minutes: Due to the lack of a quorum, the minutes were not approved.

Revenue Report: The report was tabled.

On-line Tee Time System: The new system is currently in operation and working well. Gerry and John Verrengia met with representatives of EZ Links to make some modifications to the program. They will also be entering into an agreement to build a new website for the Simsbury Farms Golf Course. The website should be operational by early spring, 2012.

Golf Course Improvements: The re-construction of the bunkers on hole #18 is complete. The completion of the work utilizing Mike Wallace and his staff has proved to be the most cost effective approach. Gerry will be meeting with Mike and architect Doug Beach to plan out the sequence of work to take place this spring.

Main Building Project: Gerry reported that work is proceeding on schedule. It is projected that the rink team room infill will be completed by mid-December, with work on the main building continuing throughout the winter.

Future Planning: After a meeting with First Selectman Mary Glassman and Chairman Tom West, it was determined that another master plan for the complex is not required at this time. After discussion, the committee decided that the preliminary designs for the Apple Barn and Golf Clubhouse

should be reviewed again for future action.

Respectfully Submitted,

Gerry Toner
