A. **Introduction and Summary of Proposed Changes**

The Simsbury Charter Revision Commission ("the Commission") was impaneled by Resolution of the Simsbury Board of Selectmen July 23, 2015 with additional unaffiliated members impaneled on August 10, 2015. The Commission was charged with the responsibility of reviewing the Simsbury Town Charter ("the Charter") in accordance with Charter Section 1108. In addition, the Board of Selectmen requested that the Commission review the specific issues outlined in a memorandum dated August 13, 2015 attached hereto as Exhibit A which contained the Board of Selectmen’s Charge to the Commission. As will be seen below, issues were raised beyond that charge and the Commission made recommendations and/or comments when they felt it was appropriate.

The Commission adopted an approach that any recommendations from the Commission to the Board of Selectmen would be made on the basis of a majority of Commissioners on a given issue. Where appropriate, the Commission listed the vote on each issue.

Based on comment and testimony received at Commission meetings and the public hearings, and the deliberations of the Commission members, the Commission drafted a proposed Revised Town Charter and a draft Final Report dated May 5, 2016 which was filed with the Town Clerk on May 9, 2016. The Charter Revision Commission subsequently consulted with the Board of Selectmen to address recommendations, questions and concerns raised by the Board of Selectmen at a joint meeting on July 11, 2016. The Charter Revision Commission met again on July 25, 2016 and August 1, 2016, and made revisions to the proposed Revised Town Charter in response to the Board of Selectmen’s input which are reflected in the proposed Revised Town Charter and explained below. The Revised Town Charter recommends the following changes:

1. Simsbury change its form of government to a Town Manager-Board of Selectmen form;
2. The elimination of the Human Relations Commission and the amendment of Charter provisions governing the Economic Development Commission;
3. The creation of a Culture Commission;
4. The expansion of the Open Space Committee to include additional public members;
5. Clarifying changes to the Town budget and appropriations process; and
6. Gender neutral language in the Charter for public offices.
B. **Public Hearings Held by the Commission**

The Commission conducted public hearings on September 24, 2015 and May 5, 2016. Comments from the public were also received by members of the Commission on April 28, 2016.

D. **Local Agencies Interviewed**

The Commission interviewed the following Simsbury Boards, Commissions and Agencies and Town Staff:

1. **Joseph Mancini, Director of Finance:** Mr. Mancini spoke to the Commission on behalf of Town Staff on the issues of Budget Dates and Notice Requirements in the Charter. In his comments to the Commission, Mr. Mancini referred to a Memorandum dated October 13, 2015 addressed to Chairman Hadley Rose by Sean Kimball, the Deputy Director of Administrative Services, himself and Carolyn Keily, the Town Clerk, and his own additional Memorandum to Chairman Rose. He provided specific examples of the challenges he faces in the budget process outlined in the Town Charter. Mr. Mancini stated that the options for hearing dates are overly restrictive; and that notice publications in the Hartford Courant are extremely expensive and the size of the notice makes it difficult to get adequate advertising space in the Hartford Courant in a timely manner. He offered suggestions to the Commission including publishing a budget summary in the Hartford Courant. He suggested that the advertisement should indicate that the detailed budget is available online, at the Town Hall or will be mailed upon request. Mr. Mancini also proposed to have dates listed for public hearings to state “No Later Than” language. The Commission also discussed in detail Sections 406, 808 and 809 of the Charter. The Town Attorney agreed to work with Bond Counsel on wording pertaining to section 406 and 809.

2. **Robert Pomeroy, Chair, Zoning Commission:** Mr. Pomeroy offered his comments on the issue of whether the Commission should recommend the potential combining of the Planning and Zoning Commission into one Commission. Mr. Pomeroy testified that the Zoning Commission constantly refers to the Plan of Conservation and Development (“POCD”) but rarely meets with the Planning Commission because land use projects are reviewed in succession. He added that the Zoning Commission would benefit from the Planning Commission’s input since the zoning approval process has become more complex. Mr. Pomeroy added that although developers gain some benefits from streamlining the process, he doesn’t see an overwhelming need for a combined Planning and Zoning Commission change.

3. **Ferg Jansen, Chair, Planning Commission:** Mr. Jansen also offered comments on the potential combining of Planning and Zoning. Mr. Jansen recommended keeping the Planning and Zoning Commissions separate since the current process is operating smoother than in the past. He added that the work involved in developing a new POCD is extensive. As a result, it would be overwhelming for the Zoning Commission to be involved with the POCD in addition to its regular duties.

4. **Bill Ethier, Member, Economic Development Task Force:** Mr. Ethier also offered comments on the potential combining of Planning and Zoning. He testified that the Economic Development Task Force unanimously recommended combining the
Zoning and Planning Commissions. He said that Simsbury is competing with other towns for development and it is very important to simplify the application process in order to meet the expectations of investors. Mr. Ethier stated that 146 towns in Connecticut have Planning and Zoning Commissions combined. Of the 29 towns in Hartford County, 25 or 26 have combined Commissions and three or four remain separate. Mr. Ethier added that the duties of Planning and Zoning are the same — to follow legal statutes and processes. Therefore, the Commissions should be combined and represent one approach for the town.

5. **James Rabbitt, Director of Planning and Community Development**: Mr. Rabbitt offered his observations on potentially combining the Planning and Zoning Commissions stating that there were pluses and minuses to doing so. Overall, he believed that combining the two would alleviate staffing challenges due to the additional hearings required for the two commissions; enable the planning concerns and zoning concerns to be thought about together by the same commission; and would help avoid a situation where the commissions did not get along at all and could cause a serious breakdown in the business of both which could derail development.

6. **Mickey Lecours-Beck, Director of Social Services**: Ms. Lecours-Beck provided background information regarding the Human Relations Commission. She said it was established by an ordinance in 1993 for the purpose of eliminating discrimination. Only two members attended the Commission meetings between 2008 and 2011. Ms. Lecours-Beck recommended either assigning the anti-discrimination goal to another commission or redefining the goal so that it is more specific.

E. **Issues Raised by the Public**

The following issues were raised by the public at the meetings and public hearings of the Commission.

1. **Change in Form of Government to Town Manager-Town Council**

   A number of members of the public, including former First Selectman Peg Shanks, advocated for a change in the form of Simsbury’s government from First Selectman-Board of Selectmen to the Town Manager form. Generally, those who advocated for the change cited the need for professional executive management of the Town based on the increasing complexity of municipal government. Those urging the Commission to not recommend a change to a Town Manager form of government cited the overall efficiency in the way the Town is currently managed and has been managed in the past and the desirability of having the person who manages the Town directly accountable to the voting public from election to election.

2. **Board of Education Voting Process** — One of the most discussed issues raised by the public was the process established in the Charter to elect members to the Board of Education and the nature of the actual practices and customs regarding the election process. Under the current Charter Board terms are staggered so that half the Board’s
eight (8) seats are subject to election every two years. By practice, the two major political parties nominate four candidates for the four open seats. As a matter of custom, each political party only nominates candidates for one-half of the open seats of each election – two (2) each. This custom provides a “party-neutral” position for the School Board but, in the eyes of the members of the public who came before the Commission, the custom also makes the “election” a mere formality given that in order to actually lose a candidate would have to get zero votes. Moreover, those same members of the public see the custom as allowing for and perpetuating extremely long tenures on the Board so long as the elected member continues to receive a nomination from his or her party.

According to the public testimony, the belief of those who spoke is that in order to be considered for the School Board, by custom and practice a potential candidate must be affiliated with one of the two political parties in order to have any chance of election. This custom makes it very difficult for an unaffiliated voter to be nominated for election to the School Board. A number of residents stated that voters registered as unaffiliated are the largest single group of voters in Simsbury, and as such they do not have an elected voice on the Board. Those members of the public who offered their opinions downplayed the ability of an unaffiliated voter to petition onto the ballot as not economically and politically feasible.

The large majority of the Commissioners were sympathetic to the concerns raised by the members of the public and understood the issues raised. The large majority concurred with the speaking members of the public that this is an important issue to be considered. Notwithstanding those views, the Commission was not able to formulate a recommendation on how best to address the concerns raised by the public. We would ask the Board of Selectmen to consider the formation of a small group of interested parties to see if an alternative process can be created which makes the process of electing members to the Board of Education more of an election than an appointment process.

3. **Zoning & Planning** – The desirability of keeping the Zoning and Planning Commissions separate was raised by members of the public. In agreeing to keep the commissions separate, the Commission agreed that steps should be taken to improve the efficiency of the two commissions to make the land use decision making process streamlined and to give the appearance of one commission. This process should be as efficient as possible to minimize any delays.

4. **Town Constable** – The issue of reinstating the position of Town Constable was presented by a member of the public on numerous occasions in Public Audience. In response to the request, the Commission asked and received a position statement from the Police Department that a Town Constable position was not necessary. The Commission voted not to re-instate the position of Constable to the Charter based in large part on that position statement.
F. Testimony from Invited Guests

1. Town Manager. At its December 3, 2015 meeting, the Commission heard remarks from Matt Hart, Mansfield Town Manager, who gave a presentation titled “Council-Manager Form of Government.” Mr. Hart has served as Town Manager for the past nine years and has twenty years of experience in the field. He is a Member of the Connecticut Town and City Management Association (CTCMA) and is the current CTCMA Member who speaks to Charter Revision Commissions which seek input from the CTCMA on a free-of-charge basis. The Town of Mansfield’s annual budget is $49 Million with two school districts. Mansfield implemented a Town Manager form of government in the early 1970s. He is the third Town Manager since the office’s inception.

Mr. Hart explained in detail the following processes:

- How does a Council-Manager government work?
- Roles of the Council, Chair and Town Manager
- Duties of the appointed Town Manager
- Town Manager training and qualifications
- Benefits of a Council-Manager government
- Values a professional manager contributes to the community

Mr. Hart answered many questions posed by the Commissioners. He stated that the Town Manager’s role was to hire town employees on the basis of merit, run the town as its chief operating officer and implement Town Council policies. Mr. Hart indicated that most Town Managers are hired on a 3-5 year contract basis. Typically they are extremely well qualified, most often holding a Master’s in Public Administration and take on a Town Manager position after 5-10 years of progressive town management experience. Mr. Hart is dual degreed holding a Juris Doctorate and a Master’s in Public Administration. Mr. Hart pointed out that the network and best practices information available to Town Managers through CTCMA and the International City/County Management Association (CMA) is extensive and helps Town Managers remain current on the professional operation of their respective towns and cities. He pointed out that because they are not running for reelection every election cycle, Town Managers can focus on getting the business of running the town done. They hire the best people possible and build and retain a professional staff, and staff members know who they work for and to whom they are accountable.

He stated that the role of the Mayor or First Selectperson of the town was as its ceremonial head. That person typically chairs monthly meetings, represents the town in intergovernmental relationships and sets Council agenda with the Town Manager. Mr. Hart added that the goal of the Town Council is to actively engage the public either in person or electronically, to better serve the community and actively plan for the town or city’s future.
2. **Former First Selectman of Canton.** At its January 7, 2016 meeting, the Commission heard remarks from Richard Barlow, former Canton First Selectman, regarding the Office of Chief Administrative Officer ("CAO") that Canton employs as an alternative to the pure Town Manager form of government.

Mr. Barlow said the hybrid form of government in Canton started 20 years ago. Under that form the First Selectman serves as CEO on a part-time basis. In Canton, the Board of Selectmen appoints seven positions including the CAO, which manages the administrative functions of the town. Removal of the CAO requires a vote by the Board of Selectmen. Mr. Barlow testified that the problem with a part-time CEO is that it limits the pool of people that can run for that position. Usually the person is either retired or a business owner.

Mr. Barlow said that the CAO in Canton reports to the Board of Selectmen and is active in the selection process of the six other town positions. These six positions report to the CAO. He added that the CAO position has a three year contract. The contract specifies his duties, salary, benefits and a notice period prior to leaving the position. Another requirement is for the CAO to live within a certain distance of the town.

3. **Chairs of Former Charter Revision Commissions:** At its January 21, 2016 meeting, the Commission heard from Charles Howard and Robert Heagney, the chairs of the two previous Charter Revision Commissions.

Mr. Charles Howard said that the Town Manager position was not discussed while he served on the Charter Revision Commission because the system in place at that time worked very well. People in the town were comfortable with having a First Selectman. The First Selectman had a professional assistant that wasn’t listed in the Charter. Mr. Howard added that it was his opinion that Simsbury doesn’t need a Town Manager. He questioned if the Town can afford a full-time First Selectman and a Town Manager. He responded to Commissioner Miehler’s comment regarding personnel issues she experienced as a First Selectman. Mr. Howard said that a Town Manager might not resolve the issues.

Mr. Heagney said that the focus at the time he was on the Charter Review Commission was to provide the First Selectman with flexibility to select administrative staff with the necessary experience. He commented that there were problems as a result of Administrative Officers not being assigned clear roles. Mr. Heagney recommended not adding a Town Manager. He said that Granby, Avon and Farmington have had a Town Manager for many years but have fallen short in comparison to Simsbury. The vision and leadership of the First Selectman over the years has resulted in the creation of Simsbury Farms, Rails to Trails, the Performing Arts Center and more. He added that a Town Manager or part-time First Selectman would not have the vision and leadership necessary to keep Simsbury ahead of other towns. Mr. Heagney suggested that the Commission hold referendums and put the primary questions in front of the public.
Both Mr. Heagney and Mr. Howard said there doesn’t seem to be much outcry from the public to add a Town Manager. They asked the Commission to question what they are trying to solve by having a Town Manager. Mr. Heagney indicated that his Commission utilized a “straw vote” to gauge the opinions of the Commissioners in an effort to narrow the issues at hand. When a Commissioner raised a concern that the First Selectman may not have the necessary experience to develop long range plans or best practices that a Town Manager would offer, Mr. Heagney responded that the other neighboring towns with Town Managers have yet to show initiative or originality. In his view, the issues mentioned could be addressed by providing the First Selectman flexibility in hiring administrative staff that has the expertise needed. Mr. Howard added that Simsbury has been awarded Distinct Destination for Tourism and received a grant from Preserve America because of the vision and leadership of the First Selectman.

4. **West Hartford Mayor and Town Manager:** At its February 4, 2016 meeting, the Commission heard from West Hartford’s Mayor, Scott Slifka and Town Manager, Ronald F. Van Winkle.

Mayor Slifka has been serving as Mayor of West Hartford for almost 12 years and does not receive a salary. Mr. Slifka stated that since 2000, it is more difficult to find people to serve as council members because of the workload. He testified that in West Hartford the Town Council also serves as that Town’s Zoning Commission and some of those meetings are six hours long. He cautioned the Commission on the difficulty in finding a high caliber Town Manager. Thirty years ago, it was a popular career in his view. Since then, a degree in town management has gone down in popularity. Mayor Slifka added that in order to recruit a high caliber Town Manager, you need to take into account the salary of the First Selectman.

Mr. Ron Van Winkle testified he has been the Town Manager for West Hartford for eight years. He said his goal is to make the town run smoothly. Mr. Van Winkle testified that it requires a lot of time, effort, leadership and management. He admits to being an expert in construction, police, zoning, in the management of government, finance, public pensions, administration of budgets and issuing bonds, because he does it every day. Mr. Van Winkle is also a professional economist, a qualification Mr. Slifka urged Simsbury to look for if it looks to hire a Town Manager.

Mr. Van Winkle said he has a great working relationship with the Superintendent of Schools. West Hartford has combined school and town management positions into one. That means one CFO, one I.T. manager, and one hiring manager. It works well because they work at it according to Mr. Van Winkle.

Mayor Slifka answered questions from the Commission. He explained that the Mayor is the face of the town. The community wants to hear from the Mayor and expects him to act as if it’s his full-time job. He maintains an office at Town Hall but not regular hours. Most inquiries he receives from members of the public are calls
and emails which are filtered by a Town staff member who directs them to the appropriate person or persons to respond which could be the Mayor, the Town Manager or other Town staff. Mayor Slifka also recommended that Simsbury choose either a First Selectman or Town Manager form and gave the opinion that a “hybrid” form would lead to confusion around roles and responsibilities, and ultimately would be a less efficient form of government.

Mr. Van Winkle testified that 90% of what he does is running the government administration, not changing or setting policy. He is employed at will and thinks a person behaves differently if they have a contract.

Mayor Slifka said that a “strategic plan” is overrated since West Hartford and Simsbury are fully developed towns. Instead he lays the ground work for things to happen.

G. Commission Discussion and Findings

1. Form of Government – Town Manager:

**FINDING:** Based on the testimony it received, other input from the public and its own considerable deliberations, the Commission recommends, by a vote of 7-4, that a change to the Simsbury form of government to a Town Manager-Board of Selectmen be made.

It was not lost on the majority of the Commission Members that the Commission’s membership included two individuals who previously held the position of Simsbury First Selectman both of whom voted in favor of making this recommendation and both of whom offered extremely candid and compelling reasons why they were in favor of making the recommendation. At the core of their comments was their belief that on a risk management basis, the town’s residents would be best served by a professional Town Manager, educated and experienced in dealing with the myriad issues facing a town’s chief executive officer on a daily basis.

It was also not lost on the majority of Commissioners that the question of whether the town should hire a Town Manager has been debated in the town for thirty years and was last debated by a Charter Revision Commission that issued its final report in 2012. The charge to the Commission in 2015 to again debate the issue made it clear to the majority that the Board of Selectmen and the Personnel Sub-Committee, after the latter conducted a public hearing on the topic, recognized that there was enough public and elected official sentiment to take yet another look at the issue. Section 1008 of the current Charter mandates review of the Charter every seven (7) years.

The Commission undertook an extensive analysis of what areas of Town Government should be in the hands of a professional Town Manager versus in the hands of an elected official of unpredictable educational background and work experience. The majority of Commissioners rather easily concluded that virtually none of the areas would be best served by a First Selectperson over a professional Town Manager.
Those areas included the appointments of department directors (professional staff), the preparation of Town Budgets, discipline and promotion of employees, negotiation of union contracts and the initiation and signing of town contracts. For the majority, on a risk management and qualifications basis, the appointment of a Town Manager makes abundant sense for a town the size and complexity of Simsbury.

The majority of Commissioners championed the benefit of a professional Town Manager hiring, building and maintaining a professional staff compensated and employed on a merit basis. They noted the turnover of high level staff over the years, with not an insignificant number of staff members going to towns and cities that had town manager form of governments so that they could achieve their personal and professional goals. Actions speak louder than words and the defections of high level staff members is not something the majority believes should be ignored.

The majority of Commissioners do not see the validity in the argument that a Town Manager is not accountable to the public. To the contrary, he or she will serve, albeit under contract, at the pleasure of the town. If he or she does not do a good job, the Board of Selectmen, who made the hire, will hear from the public and will either make a change or the public will make the change by replacing the Board of Selectmen.

Personnel decision-making responsibilities were also a key discussion point in the arguments made in favor of a Town Manager. There was a considerable discussion on whether or not the current Charter allowed for delegation of the personnel decision responsibilities.

The majority of Commission members see the First Selectperson and the Board of Selectmen as the town’s policy drivers and the First Selectperson as the spokesperson for the town’s legislative body. They believe that the pool of candidates for First Selectperson will be increased by a change in the form of government due to interested candidates not having to be faced with the prospects of running a sizeable and complex town and not having to leave full time employment to do so. To the majority, the recommendation to make the change to professional management is not so much to change things today as it is to make sure the town is best positioned to continue to prosper and grow ten years from now. With the hiring of a credentialed and enthusiastic Town Manager, with a First Selectperson charged with being a policy driver, and an equally diverse and energetic Board of Selectmen similarly charged, the majority is more bullish on the town’s future with this change than without it.

The decision to change the form of government was not unanimous. Moving to a Town Manager form of government was opposed by four members of the Commission. The Commissioners voting against the change cited the fact that there was no testimony of current First Selectpersons from towns that do not have a Town Manager, or have rejected a Town Manager form of government. Those members voting against the change also expressed their belief that having a First Selectman subject to direct election is a better alternative to having a Town Manager not subject to direct election. In a 6 member Board of Selectmen, a Town Manager only needs to
retain the votes of 4 people to retain their job. There was also sentiment that making 
alterations to the job description of the First Selectman could achieve the necessary 
changes sought by the members supporting a Town Manager. In addition, the town 
has added a number of professional staff in the last few years to address concerns 
over “professional management and accountability.”

The Commissioners against hiring a Town Manager also raised a number of related 
issues, including the costs should a Town Manager be terminated; the lack of personal 
connection between the community and a Town Manager as well as the lack of 
accountability to the public; and the potential to build a power base within town hall 
that lacks necessary accountability to an elected First Selectman (or other elected 
Chief Executive Officer). They also expressed concern about the lack of potential 
candidates as the attractiveness of municipal service wanes. There has also been no 
public outcry for a Town Manager.

Finally, those members voting against the change cited the town’s excellent financial 
standing. Under its current form of government, Simsbury currently enjoys enviable 
qualitative and quantitative measures, including a “Best Places to live ranking”, Aaa 
bond rating from Standard and Poor’s, a top rated educational system, a modern 
performing arts center, etc. It was viewed by four of the Commissioners that a 
change to a Town Manager was not necessary as a modification in the roles of the 
First Selectman, and the addition of a Chief Administrative Officer would allow for a 
good measure of professional administration and public accountability.

The minority of the Commission who opposed to the Town Manager form of 
government offered the so-called “hybrid” model as an alternative. The “hybrid” 
model is largely based on the Canton Charter and the Erdmann study 
recommendations. The Erdmann study offered three options to address the issue of 
professional personnel management within the current First Selectman/Board of 
Selectmen form of government. The study was the basis for an alternative to the 
current First Selectman role and the Town Manager form of government. There was 
a “hybrid” motion raised by a Commissioner based upon one of the options outlined 
in this study. It was rejected on a 4-7 vote. Commissioners supporting a “hybrid” 
form note that the vote was for a specific “hybrid” proposal and not a vote against the 
concept of the “form” of a hybrid government. Immediately after this vote, a motion 
was made to approve the Town Manager form of government. It passed before other 
motions on the “hybrid” form – whether for alternate specific language or merely the 
“hybrid” concept – could be heard. The Commission spent the next several meetings 
hammering out specific statutory language for a Town Manager form of government.

The form of government issue was discussed in detail with the Board of Selectmen at 
the joint meeting on July 11, 2016. In addition to the issue of whether or not to 
change to a Town Manager/Board of Selectmen form of government, the Commission 
and the Board of Selectmen discussed the specifics of the Commission’s Town 
Manager proposal. Specifically, the Board expressed concern about a stipend 
provision for the First Selectman or Selectwoman under the new form of government 
which tied the amount of the stipend to the compensation of the Town Manager. 
Because the compensation of the Town Manager as proposed is set by the Board of
Selectmen, the provision creating a potential conflict of interest for the First Selectman or Selectwoman in setting the compensation of the Town Manager.

At its July 25, 2016 meeting the Commission discussed whether to reconsider its decision on form of government and elected not to change its recommendation. It did change the stipend provision for the First Selectman or Selectwoman, setting a specific stipend of $22,500 annually subject to an annual cost of living adjustment as determined by the Social Security Administration. The change was designed to eliminate any conflict of interest for the First Selectman or Selectwoman in deliberations and decisions connected with the Town Manager’s compensation.

At its August 1, 2016 meeting the Commission discussed new statutory and constitutional authority presented by Town Counsel which affected the permissible ways to establish the compensation of the First Selectman or Selectwoman. In so doing, the Commission voted to amend its Charter recommendation to provide that the First Selectman or Selectwoman’s compensation or stipend should be set by the Board of Selectmen for each term of office in accordance with the Connecticut General Statutes.

The Charter Revision Commission strongly urges the Board of Selectmen to be guided by a compensation range that is generally 15% of what the Town Manager’s is ultimately determined to be.

2. **Changes to the Provisions Governing the Economic Development Commission:**

**FINDING:** In its original proposed Revised Town Charter, the Commission recommended by a vote of 10-1 to eliminate the Economic Development Commission from the Charter. After conferring with the Board of Selectmen, the Commission voted to keep the Economic Development Commission in the Charter but to provide the Board of Selectmen with the authority, by ordinance, to set its membership, terms, duties and responsibilities.

The Commission was concerned that the current Economic Development Commission has been ineffective in its current form, and just adds another commission for any new developer to present to as it seeks approval for their project.

The Commission’s recommendation was based on the belief that the Town needs to implement a more effective economic development approach to get new business and development projects implemented to grow the Grand List. The key to economic development is the attractiveness of a community for both business and residency. In this regard, economic growth should be championed by all of the town leadership. This task does not require any specific economic background, but rather individuals with cordial openness and the ability to direct the prospective business to the proper town agencies to rapidly respond to opportunities.

The Commission agreed to add the responsibility of economic development to the job responsibilities of the Town Manager. As such, the Commission envisions the Town
Manager having the responsibility to coordinate the various town resources to both promote economic development and respond to new opportunities. Having intimate knowledge of the various resources and activities of the various commissions involved with economic development makes the Town Manager the ideal individual to coordinate the various resources in a cohesive and efficient manner. It is also anticipated that the Town Manager would have the long term capability to see such projects through to implementation.

The Commission also discussed that the First Selectman/First Selectwoman would have a role to play in setting policy and advocating for economic development. The Commission envisions a process similar to what it heard from West Hartford: that the Town Manager works behind the scenes with developers to get and keep things moving along, and that the Mayor is the interface to the public and town advocate for change. The example used was the Blue Back Square development process and the role each played. If required, the Board of Selectmen in conjunction with the Town Manager should be able to quickly appoint any necessary group with the proper background specific to the business in question.

The Commission initially recommended establishing a small stipend of 15% of the Town Manager's salary to the First Selectman/woman to help with their expenses for the role of Chief Elected Official. (As explained above, this recommendation has been changed to address statutory and constitutional concerns.) It is a secondary role, but an important role in that all parties need to work together to make economic development successful in Simsbury.

At the joint meeting on July 11, 2016 the Board of Selectmen and a number of current and past members of the Economic Development Commission expressed concern about eliminating the Economic Development Commission. As noted above, the Charter Revision Commission, after further deliberation on July 25, 2016, recommended that the Economic Development Commission remain in the Charter, but that its membership, terms, duties and responsibilities would be set by the Board of Selectmen by ordinance.

3. **Elimination of the Human Relations Commission:**

**FINDING:** Based on the testimony it received from Town Staff, the lack of activity on the Commission for years, and the difficulty finding volunteers to serve on the Commission, the Commission voted to eliminate the Human Relations Commission. The Commission also took note of the availability of state remedies for alleged violations of the state’s equal rights laws.

4. **Creation of a Culture Commission:**

**FINDING:** The Commission is recommending that the culture component of the Culture, Parks and Recreation Commission be recreated as a separate commission to be known as the Culture Commission. The Commission believes a separate commission will result in more emphasis on the creation, promotion and advocacy for
cultural events in the Town. The Commission believes the expansion of the scope of work of the current Culture, Parks and Recreation Commission has had the unintended consequence of giving less attention to the cultural aspects of the Commission than is required to fully maximize the town as a venue for cultural events and a sponsor and advocate of cultural initiatives.

5. **Open Space Committee Expansion of Membership:**

**FINDING:** The Commission recommends that the Open Space Committee be expanded to include three public members.

6. **Town Budget and Appropriations Process: Sections 808 and 809:**

**FINDING:** The Commission recommends changes to the Town Budget and appropriations process outlined in Charter Sections 808 and 809 to reflect the recommendations of the Finance Director and Bond Counsel as discussed above. The changes made to Section 808 allow cost savings in the publication requirements for the annual town budget and clarification of budget preparation deadlines. The changes recommended by the Bond Counsel clarify the appropriations process outlined in Section 809.

7. **Gender Neutral Language for Town Public Offices:**

**FINDING:** The Commission finds that the Town Charter should be revised to incorporate gender neutral language for public offices.

8. **Board of Education Election Process:** One of the most discussed issues from Public Audience was how the town elects members to the Board of Education to fill expiring terms in each municipal election. Under the current Charter, the process is for the two parties to nominate four volunteer members each and to have these individuals placed on the ballot for election. As terms expire, that individual can ask to be replaced or continue to serve on the Board through the party volunteer process. This approach provides a political party neutral position for the School Board, and an individual often serves on the Board for a long period of time because the longstanding practice by the political parties has been to only nominate the same number of candidates as open seats in each municipal election.

The problem is that to be considered for the School Board, according to longstanding custom, a potential candidate must be affiliated with one of the two political parties. This makes it very difficult for an unaffiliated voter to be considered for the election to a vacant seat on the School Board. A number of speakers expressed the opinion that voters registered as unaffiliated are the largest single group of voters in Simsbury, and as such they do not have an elected voice on the Board.

The large majority of the Commissioners were sympathetic to the concerns raised by the members of the public and understood the issues raised. The large majority concurred with the speaking members of the public that this is an important issue for
review. Notwithstanding those views, the Commission was not able to formulate a recommendation on how best to address the concerns raised by the public. We would ask that the Board of Selectmen consider the formation of a small group of interested parties to see if an alternative process can be created which makes the process of electing members to the Board of Education more of an election than an appointment process.

**FINDING:** The Commission made no changes to the Board of Education election process outlined in the current Charter.

9. **Combining the Zoning & Planning Commissions:** The question of keeping the Zoning and Planning Commissions separate was considered and voted on by the Commission. In agreeing to keep the commissions separate, it was suggested that steps should be taken to improve the efficiency of the two land use agencies to make their decision making process give the appearance of a single combined commission through complimentary scheduling of hearings on applications and joint meetings where appropriate. This process should be as efficient as possible to minimize any delays and associated costs in the consideration of applications.

The Board of Selectmen asked the Charter Revision Commission to revisit its decision in this regard at the joint meeting on July 11, 2016. At its July 25, 2016 meeting the Commission voted to stand by its original recommendation to keep the Commissions separate. The testimony of present and former Commission chairs was a significant factor in its decision.

**FINDING:** The Commission made no changes to the current Charter.

10. **Town Constable:** The issue of reinstating the position of Town Constable was presented on numerous occasions in Public Audience. The Commission asked and received a position statement from the Police Department that a Town Constable position was not necessary. The Commission agreed with this position and voted against reinstating the office of Town Constable in the Charter. The Commission took note of the statutory authority that allows the office to be created by ordinance if the need arises.

**FINDING:** The Commission made no changes to the current Charter.

11. **Terms of Office for the Board of Selectmen and the First Selectman or First Selectwoman:** The issue of increasing the terms of office for the Board of Selectmen and/or the First Selectman or First Selectwoman from two years to four years was considered by the Commission. State law allows a two or a four year term for each office. The Commission ultimately decided that the change in the form of government to Town Manager justified the continuation two year terms for elective offices to maintain public accountability.

**FINDING:** The Commission made no changes to the current Charter.
11. **Commission Recommended Action on Other Issues**: The Commission reviewed a number of other issues raised by the public and Town Staff and did not recommend changes to the Charter. Instead, the Commission urges the Board of Selectmen to consider other forms of action. The following is a list of issues considered and recommended actions.

a. **Board of Assessment Appeals**: The Town Assessor requested that the Charter be revised to increase the membership of the Board of Assessment Appeals from three to five members and that two alternate members be added. Town Counsel advised the Commission that under state statute the Board of Selectmen could, by ordinance, provide for an increase in the number of Board of Assessment Appeals members on a short-term basis. Based on this information, the Commission is recommending that the Board of Selectmen move forward with such an ordinance.

b. **Update Purchasing Ordinances**: This was raised by Town Staff and included in the Board of Selectmen’s charge to the Commission. The Commission concluded that this was a matter of ordinance and did not take any action.

c. **Expand Town Officer Authority to Execute Contracts**: This was raised by Town Staff and included in the Board of Selectmen’s charge to the Commission. After discussion, the Commission concluded that contracting authority was appropriately limited and declined to change the Charter to permit additional Director-level employees to execute contracts on behalf of the town.

d. **Discontinue the Budget Referendum**: The Commission declined to make changes in the budget approval process.

e. **Term Limits for Board of Education**: Several residents requested that the Commission add term limits to the Board of Education. The Commission was advised by Town Counsel that there was no legal provision for adding term limits. The Commission’s recommendations to the Board of Selectmen with respect to the selection and operation of the Board of Education are set forth above.

f. **Unaffiliated Voter Representation on Town Boards and Commissions**: A resident requested that unaffiliated voters be officially represented on town boards and commissions with a proportionality requirement for the most important boards and commissions. Noting that the current Charter already provides for unaffiliated voter representation in some cases and that Board-appointed committee and commissions, such as the Charter Revision Commission itself, often provide for unaffiliated voter representation, the Commission declined to take any additional action.

g. **Reestablishment of Design Review Board as an Independent Board**: A resident requested that the Design Review Board be reestablished as an independent Board. Noting that the current structure was established by the last Charter Revision Commission and the absence of significant complaints about that structure, the Commission declined to take action on the request.

h. **Requirement for Public Audience for Every Town Meeting**: This was requested by a resident. The Commission took no action on the request.
H. Proposed Revised Town Charter

Based on the testimony received at its public hearings and meetings, the comments of its invited guests, its consultation with the Board of Selectmen, the documents it reviewed and its deliberations, the Simsbury Charter Revision Commission recommends the attached Revised Simsbury Town Charter.

I. Acknowledgements

The Commission would like to thank the members of the public who attended and testified at Commission meetings, the invited guests that appeared before the Commission and Town Staff who participated in the Commission’s deliberations and in the generation of the Report and the Proposed Revised Charter.

Charge to the Charter Revision Commission

Section 1008 of the Town of Simsbury’s Charter provides that “[t]he Board of Selectmen shall review the several provisions of this Charter from time to time as it deems such review to be in the best interest of the Town,” and further that “[t]he amendment of this Charter may be initiated . . . by a two-thirds vote of the entire Board of Selectmen . . . .” Consistent with these provisions, on March 23, 2015 the Personnel Sub-Committee held a Public Hearing to receive comment from the public on the Town of Simsbury’s form of government. At the Board of Selectmen meeting following the hearing, the Board of Selectmen voted to empower the Personnel Sub-Committee to develop recommendations for consideration by an appointed Charter Revision Commission (see, General Statutes § 7-190 (a) and (b)).

Based on information gathered by the Personnel Sub-Committee, including but not limited to information received at Public Hearing and areas for review identified by Town Staff, the Personnel Sub-Committee hereby recommends for adoption by the full Board of Selectmen the following areas and issues for review by an appointed Charter Revision Commission:

- Form of Government: Review the Town of Simsbury’s form of government and make a recommendation concerning the appropriate form of government (recognizing that a wide range of options exists, including but not limited to First Selectman and Town Manager forms of government) for the Town. Any recommended changes to the Town’s form of government should also include the impact of the recommended changes on:
  - Office terms and the election process;
  - Separation of powers; and
  - Any impact upon, and the integration of, other Boards and Commissions, especially the Board of Finance;

- Duties of the First Selectman: If the commission recommends no changes to the Town of Simsbury’s form of government, recommend clarifications of the duties and responsibilities for First Selectman (See, Charter Section 502).

- Identification of Town Officers: Review and make recommendations concerning positions identified as Town Officers and the provisions applying to the selection and termination of these Officers as set forth in Charter Section 704.

- Authority of Town Officers: Review the scope of authority of Town Officers and make a recommendation concerning whether Town Officers should be allowed to execute contracts under their jurisdiction.

- Budget Preparation and Budget Referendum: Review the calendar for the budget preparation process and the scheduling of the budget referendum and make recommendations addressing the dates and timelines for budget public notices.

- Content of Public Notices for the Budget: Review and make recommendations concerning the required content for budget public notices.

- Open Space Committee: Review composition of the Open Space Committee (which is currently made up of representatives from Planning, Zoning, Conservation and an at-large member) with consideration of adding a member from the Culture, Parks and Recreation Commission.

- Planning and Zoning: Review and make a recommendation concerning the potential combination of the Planning and Zoning Commissions into one commission.
• Permanent Committees: Review the permanent committees provided for in Charter Section 601 and make recommendations concerning their continuation, replacement or elimination.

• Terms of Office: Review and make recommendations concerning the terms of the Board of Selectmen, the First Selectman and all Boards and Commissions (See, Charter Section 302).

• Gender Neutrality: Review and make recommendations concerning the adoption of gender-neutral titles for positions created by the Charter.

Section 102. Rights and obligations.

All property, both real and personal, all rights of action and rights of every description and all securities and liens in the town as of the effective date of the Charter are continued. Section 205. Vacancies - elective offices.

Except as provided in Section 9-221 of the General Statutes, any vacancy, except a vacancy on the Board of Selectmen, in any elective town office, including the Board of Education, shall be filled within forty-five (45) days of such vacancy by appointment by the Board of Selectmen, for the unexpired portion of the term or until the next regular town-municipal election, as defined in Section 9-1 of the General Statutes, whichever shall first occur. Any vacancy on the Board of Selectmen shall be filled within thirty (30) days of such vacancy in accordance with Section 9-222 of the General Statutes. Any such vacancy shall be filled by the appointment of a member of the

No ordinance, including an emergency ordinance, shall be adopted by the Selectmen by fewer than four (4) affirmative votes. Except as specifically otherwise provided in Sections 406, 503, 602, 808, 803, 809, 810 and 1008 of this Charter or as specifically directed by statute, any other
action, including any resolution, may be adopted by an affirmative vote of a majority of those Selectmen present, provided those present constitute a quorum.

Section 403. General powers and duties.

The legislative authority of the town shall be vested, except as otherwise specifically provided in Section 409 of this Charter, exclusively in the Board of Selectmen. The Selectmen shall have the power to enact, amend, or repeal ordinances not inconsistent with the provisions of this Charter or the General Statutes, and may by ordinance create, consolidate or abolish boards, commissions and offices not specifically authorized in this Charter, provided further that nothing herein shall be construed to prohibit the Board of Selectmen from appointing, by resolution, special or temporary boards, commissions, or committees as it may from time to time deem necessary and appropriate to the operation of the town government, but in such event, the term of any such special or temporary boards, commissions, or committees shall not exceed two (2) years, and shall be coterminous with the appointing Board of Selectmen. Except as otherwise provided in the Charter, the Selectmen may contract for services and the use of facilities with the United States Government or any agency thereof, or may, by agreement, join with any such political subdivisions to provide services and facilities in accordance with the applicable provisions of the General Statutes, and the Selectmen shall exercise and discharge the powers and duties of the Flood and Erosion Control Board and may assign such duties to the Zoning Commission, Planning Commission and Inland/Wetlands Commission for planning and enforcement purposes as the Board of Selectmen deems appropriate. The Board of Selectmen is authorized to apply for and accept on behalf of the town, state or federal grants. The Board of Selectmen is authorized, in adopting ordinances, to incorporate any nationally recognized code, rules or regulations which have been published, or any code officially adopted by any administrative agency of the state, or any portion thereof, by reference thereto in such ordinance provided, upon adoption of any such ordinance wherein any such code, rules or regulations or portions thereof have been incorporated by reference. There shall be maintained two (2) copies of such code, rules or regulations in the office of the Town Clerk for examination by the public. The Selectmen may fix the

Section 1001. Transfer of powers.

Effective as of the first Monday of December, 2017, all commissions, boards, departments or offices existing prior to the adoption of this Charter are abolished or superseded by this Charter as the case may be. The powers which are conferred, the duties which are imposed upon and the terms of office established for any commission, board, department or office under the General Statutes, or any ordinance or regulation, in force at the time this Charter shall take effect, if such commission, board, department or office is abolished by this Charter or superseded by the creation herein of a new term of office for any commission, board or office to which are granted similar powers and jurisdiction, shall be thereafter exercised and discharged by the commission, board, department or office upon which are imposed corresponding or like functions, powers and duties under the
provisions of this Charter. Commissions, boards, departments or offices existing prior to the adoption date of this Charter whether elective or appointive shall continue in the performance of their duties until the first Monday of December, 2017 or until provisions shall have been made for the discontinuance of such commissions, boards, departments or offices and the performance of their duties by other commissions, boards, departments or offices created under this charter and until the Town Clerk shall have notified the members of such commissions, boards, departments or offices as are abolished by this Charter that their successors have qualified.

Section 1002. Present employees to retain positions.

All employees of the town on the effective date of this Charter, whose positions are not abolished by the provisions of this Charter, shall retain such positions pending action by the Board of Selectmen or the appropriate officer charged by this Charter with powers of appointment and removal. Any provision of law in force at the time this Charter shall take effect, and not inconsistent with the provisions of this Charter, in relation to personnel, appointments, ranks, grades, tenure of office, promotions, removals, pension and retirement rights, civil rights, or any other rights or privileges of employees of the town or any office, department or agency thereof, shall continue to be in effect, until or unless amended or repealed in accordance with the provisions of this Charter.

Section 1003. Conflicts of interest.

It is hereby declared to be the policy of the town that any elected or appointed officer, any member of any board or commission, or any employee of the town who has a financial interest direct or indirect, in any contract, transaction or decision of any officer or agent of the town or any board or commission, shall disclose that interest to the Board of Selectmen which shall record such disclosure upon the official record of its meetings. Such disclosure of a financial interest, direct or indirect, in any contract, transaction or decision of any officer or agent of the town or of any board or commission shall disqualify such elected or appointed official or such member of a board or commission or such town employee from participation in the awarding, assignment or discussion of said contract, transaction or decision. Violation by any such official, board or commission member or employee of the provisions of this section shall be grounds for his or her removal.
Section 1004. Transfer of records and property.

All records, property, and equipment whatsoever of any commission, board, department or office or part thereof, all the powers and duties of which are assigned to any other commission, board, department or office by this Charter, shall be transferred and delivered intact forthwith to the commission, board, department or office to which such powers and duties are so assigned. If part of the powers and duties of any commission, board, department or office are by this Charter assigned to another commission, board, department, or office, all records, property and equipment relating exclusively thereto shall be transferred and delivered intact forthwith to the commission, board, department or office to which such powers and duties are so assigned.

Section 1005. Continuation of appropriations and town funds.

All appropriations approved and in force, and all funds, including special or reserve funds in the name of the town, at the time of the adoption of this Charter, shall remain in full force and effect unless and until the same shall be amended, transferred or abolished by the Board of Finance under the provisions of this Charter.

Section 1006. Legal proceedings.

No action or proceeding, civil or criminal, pending on the effective date of this Charter brought by or against the town or any commission, board, department or office thereof, shall be affected or abated by the adoption of this Charter or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any commission, board, department or officer which shall have been a party thereto may, by or under this Charter, be assigned or transferred to another commission, board, department or the officer to which such functions, powers and duties have been assigned or transferred by or under this Charter.

Section 1007. Existing laws and ordinances.

All general laws of the State of Connecticut applicable to the town and all ordinances of the town shall continue in full force and effect, except insofar as they are inconsistent with the provisions of this Charter. The provisions of all Special Acts of the General Assembly relating to the Town of Simsbury not inconsistent with the provisions of this Charter are hereby retained.

Section 1008. Review and amendment of Charter.
The Board of Selectmen shall review the several provisions of this Charter from time to time as it deems such review to be in the best interest of the town, but not less often than once every seven (7) years from the effective date of this Charter, such review to be published as part of the annual town report. The amendment of this Charter may be initiated (a) by a two-thirds vote of the entire Board of Selectmen or (b) by a petition signed by not less than ten percent (10%) of the Electors of the town, as determined by the last completed registry list of the town, such initiation in either instance to result in the appointment by the Board of Selectmen of a Charter Revision Commission, which shall consider any proposed amendments to the existing Charter. Such proposed amendments shall not become effective until and unless they shall have been approved by a majority of the town Electors voting thereon at a regular election or, if approved at a special election, by a majority equal to at least fifteen percent (15%) of the Electors of the town as determined by the last completed registry list of the town. The provisions of Chapter 99 of the General Statutes as may now or hereafter apply to the manner of amending the Charter shall prevail in the event of any conflict with the provisions of this section of the Charter.

Section 1009. Saving clause.

If any section or part of any section of this Charter shall be held invalid by a court of competent jurisdiction, such holding shall not affect the remainder of this Charter nor the context in which the section or part thereof so held invalid may appear, except to the extent that an entire section or part of a section may be inseparably connected in meaning and effect with the section or part of the section to which such ruling shall directly apply.

Section 1010. Usage.

(a) When the context so requires, the masculine gender shall include the feminine, and the singular shall include the plural, and the plural the singular; and

(b) Unless otherwise indicated, all references to the Connecticut General Statutes in this Charter are to the provisions of the General Statutes in effect on the date of the adoption of this Charter. However, in the event that those provisions in effect on the date of the adoption of this Charter are subsequently amended, revised, and/or recodified by the Connecticut State Legislature, all references to such provisions shall be deemed to be to the provision as subsequently amended, revised and/or recodified. The sections of the Connecticut
General Statutes referred to in this Charter shall be abbreviated as C.G.S. Sections of the statutes shall be designated "$" for the singular and "$$" for the plural.

Section 1011. Effective date.

Except as set forth in Section 1001, this Charter, as revised, shall become effective on the first Monday of December, 2017—January 1, 2018, if approved by a majority of the Town Electors voting hereon at a regular or a special election as determined by the Board of Selectmen and in accordance with the provisions of Chapter 99 of the General Statutes.
