ADDENDUM No. 2

TOWN OF SIMSBURY
Invitation to Bid
FOR
Disaster Debris Removal

The information provided in this Addendum is intended to supplement and clarify the existing information in the ITB and is not to replace any part of the specification unless clearly indicated as such.

Below are responses to questions we received to date:

**Question:** Is it meant to be three copies and an original, or an original and two additional copies, and what is the correct mailing address for the proposals?

**Response:** The original and two additional copies, plus a digital copy on a thumb drive, should be mailed to:

Amy Meriwether, Director of Finance, Town of Simsbury
933 Hopmeadow Street
Simsbury, CT 06070

**Question:** Can the proposal be emailed?

**Response:** No, the proposal must be physically mailed and received by 10:00am on Thursday, December 3rd.

**Question:** What is the contract term length; are there any renewals?

**Response:** The contract will be for two years with the option for 2 one-year extensions.

**Question:** Can a scissor lift be used in place of a constructed tower?

**Response:** If all proper safety protocols are followed and the work is able to be performed properly, a scissor lift could be used.

**Question:** The Schedule of Prices and the ITB differ on who is to pay the tipping fees. Which is correct?

**Response:** The Schedule of Values is correct: the contractor is to pay all tipping fees. The ITB section will be revised to reflect this.
The following revised document is to be included as part of the addendum and this document is to replace the original pages as described below:

- Invitation to bid, Section 6 – Replace the existing section 6 part labeled Loading, Hauling, and Disposal of Vegetative Debris Reduced by Grinding with the revised section 6 part labeled Loading, Hauling, and Disposal of Vegetative Debris Reduced by Grinding

**Loading, Hauling, and Disposal of Vegetative Debris Reduced by Grinding**

Contractor shall load and haul reduced (by grinding) vegetative debris to a final disposal site, as directed by the Town or Monitor. The Contractor may be required to remove and haul reduced vegetative debris from a DMS site, or sites managed by others, to an approved location, as directed by the Town or Monitor. The Contractor shall dispose of all residual debris from the DMS at an approved final disposition site. The Contractor must provide and construct an inspection tower at the final disposition site in accordance with the Standard Instruction to Bidders. This pay item does include tipping or disposal fees. Payment under this pay item shall be based on a per cubic yard quantity.

All of the responses provided are to be considered part of the Invitation to Bid and be included in the scope of work for this project.
