TOWN OF SIMSBURY
REQUEST FOR QUALIFICATIONS
EAST WEATOGUE HISTORIC DISTRICT HANDBOOK UPDATE

1. **Introduction, General Information**

The Town of Simsbury is soliciting a statement of qualifications from qualified independent consultants with expertise in historic district handbooks, design review guidelines and procedures. This will be the first update to the handbook since the Historic District was established in 1986. The handbook was reprinted in 2004, but no substantive updates have been made to the document in 25 years. Over the last two and a half decades the Commission has used its handbook to successfully review and enforce improvements to historic properties made by the homeowners and farmers who live and work within the districts bounds. The handbook has been a successful tool, in large part because it was drafted with significant participation of district residents. However, the Commission has lately found that for continued success in the 21st century, a general update is needed in order to better communicate with newer property owners.

2. **Submission and Deadline**

Statement of qualifications must be received by **4:00pm on March 15, 2019**. Complete electronic statement of qualifications, clearly marked “East Weatogue Historic District Handbook Update,” shall be sent to tmintern@simsbury-ct.gov. Only electronic copies will be accepted. Hard copies will not be considered. No statement of qualifications will be accepted after the date and time specified.

Questions regarding this RFQ should be directed to Michael Glidden, Director of Planning and Community Development at mglidden@simsbury-ct.gov. In order to receive consideration, all questions must be submitted by the close of business on December 14, 2018. A response to all relevant questions will be provided prior to the close of business on December 28, 2018 via addendum that will be posted on the Town website at: https://www.simsbury-ct.gov/finance/pages/public-bids-and-rfp

3. **Background**

The Commission specifically is looking for a qualified consultant to achieve the following goals:

1. The Commission would like to review the handbook in a comprehensive way to ensure that the guidance is clear and consistent throughout the handbook and that the process for seeking and gaining a Certificate of Appropriateness is clearly articulated for residents.

2. The Commission would like to take a pro-active guiding role with regards to the use of modern technologies at historic properties – solar panels and LED lighting for instance.

3. The Commission would like to update the map to show development that has occurred over the last 25 years.
4. The Commission would like to create an online version of the handbook that is easy to use.

5. The Commission would like to use this update as an opportunity to involve district property owners in discussions about historic preservation and to educate them on the Commission’s role in preserving the district.

4. **Qualifications**

Consultants responding to this RFQ must demonstrate that the firm has expertise in the following areas:

- A minimum of five (5) or more years of consulting experience focused on historic preservation.
