SCOPE OF SERVICES

A field survey of the project area shall be completed in accordance with the current edition of the Connecticut Department of Transportation Location Survey Manual and CGS Sections 20-300b-1 thru Section 20-300b-20 of the Standards for Surveys and Maps in the State of Connecticut. The survey will be completed for the use as an existing conditions base map for the design of the Firetown Road Sidewalk Gap Closure from Plank Hill Road to West Street. Additional work may include developing easement and taking maps if required by the design. The site survey will accomplish the following:

1.1. Horizontal Control
Horizontal control will be established to A-2 accuracy and tied to the State of Connecticut coordinate grid (NAD 83). One (1) horizontal control point will be established every 500’ on the site. Town and ConnDOT records shall be researched for establishment of right of way lines and property lines.

1.2. Vertical Control
Vertical control will be established to V-2 accuracy and based on the NAVD88 datum. One (1) stable benchmark will be set every 500’ within the project limits. Elevations will be measured at appropriate intervals in order that one foot contours may be developed. Elevations will be taken at critical locations to show elevations of crown line, gutter line, top of curb, front and back of walk, elevations at all building sills, steps and elevations at the face of any buildings.

1.3. Location, Topographical and Limited Boundary Survey
Perform a location, topographic and limited boundary survey of project area to A-2/T-2 standards. The survey limits are as indicated in Figure 1. Right-of-Way and side property lines of the subject parcel shall be Class “A”. All other property lines shall be Class “D”.

The survey should extend 20 linear feet beyond edge of curb where the sidewalk is proposed. A section from the intersection of Firetown Road and Old Mill Lane to cross section C-C, as identified on Figure 1, identifies a section where the survey should extend 50 linear feet beyond the edge of curb where the sidewalk is proposed. Existing features within the survey limits will be documented including, but not limited to, edges of roads, sidewalks and other pavement, top and bottom of curbs, spot elevations, PC and PT points, building corners, doorways, areaways, surface utilities, traffic signal equipment, signing, poles, overhead utilities, pavement markings, significant trees greater than 6” caliper and other critical elements needed to complete the proposed design. Gutter grades at all intersections are critical and require additional spot grades at intervals of 5 linear feet. Existing contours will be established at 1-foot intervals.

1.4 Field Location of Monuments, IPs etc.
Locate all visible field evidence (CMS’s, iron pins, Town monuments, etc.) of right-of-way where available.

1.5 Wetland Delineation and Location
Field investigation and delineation is not anticipated.
1.6 Drainage
Locate all visible drainage structures, inverts, flow lines and pipe sizes.

1.7 Sanitary Sewer
Locate all visible sanitary sewer structures top of frame within the subject parcel. Locate all visible sanitary sewer structures top of frame beyond the parcel and compile non-visible information based on record mapping.

1.8 Utilities
Perform utility records research for inclusion on plans. Non-visible utility information will be compiled from existing utility records and shown on base mapping.

1.9 Prepare Base Mapping
Prepare a detailed base map at a scale of 1”=20’ of the existing conditions in AutoCAD format including surface data which is compatible and can be analyzed in AutoCAD Civil3D 2023. Buildings, street lines, street addresses and side lot lines will be shown on the base plan based upon Town and ConnDOT record information obtained.

1.10 Easement Maps
All easement of record on subject parcels shall be included on the plans.

DELIVERABLES

1. Provide one (1) draft field survey on 24” x 36” sheets in paper and electronic form for review and comment by Town Staff.

Chapter 13, ETHICS, CODE OF

[HISTORY: Originally adopted by the Board of Selectmen of the Town of Simsbury 9-14-1988. Revised on September 10, 2001.]

Chapter 13-1. Legislative Intent.

The proper operation of government requires that public officials and public employees be independent, impartial and responsible to the people; that governmental decisions and policies be made free from undue influence and in the proper channels of governmental structure; that governmental office and employment not be used for unauthorized personal gain; that governmental officials and employees strive to avoid even the appearance of impropriety; and that the public have confidence in the integrity of its government. The purpose of this Code of Ethics is to set forth standards of ethical conduct to guide officials and employees of the Town of Simsbury in the conduct of their public responsibilities and to develop and maintain a tradition of responsible and effective public service. In recognition of these goals, this Code of Ethics is established pursuant to authority granted to the Town by Connecticut General Statutes §7-148h.

Chapter 13-2. Board of Ethics.

A. Establishment. As authorized by §702 and §715 of the Charter of the Town of Simsbury and §7-148h of the Connecticut General Statutes, the Board of Selectmen shall appoint a Board of Ethics consisting of six members, two of whom shall be registered Republicans, two of whom shall be registered Democrats and two of whom shall be unaffiliated voters. The members of the Board shall serve four-year terms, except that at the first appointment by the Board of Selectmen, one Republican, one Democrat and one unaffiliated voter shall be appointed for two-year terms, with the remaining members appointed for four-year terms. Biennially, thereafter, the Board of Selectmen shall appoint in the manner provided in the Charter of the Town of Simsbury.

B. Organization and Procedure. The Board shall elect a Chairman and Vice Chairman/Secretary and shall establish its own rules and procedures, which shall be available to any elector of the town upon request to the Board. The first rules and procedures shall be established within six months of the date this chapter becomes effective. The need to maintain confidentiality in order to protect the privacy of public officials, employees and consultants shall be considered when establishing the rules and procedures. It shall keep records of its meetings and shall hold meetings at the call of the Chairman and at such other times as it may determine.
C. Powers and Duties.

(1) The Board shall render advisory opinions with respect to the applicability of the Code of Ethics to specific situations to any agency or any official, employee or consultant pursuant to a written request or upon its own initiative. The Board may also issue guidelines. Such opinions and guidelines, until amended or revoked, shall be binding on the Board and reliance upon them in good faith is an absolute defense in any action brought under the provisions of this chapter or under Section 1103 of the Town Charter. Any request or opinion, the disclosure of which invades the personal privacy of any individual [as that term is used in Connecticut General Statutes §1-19(b)(2) by the Connecticut Freedom of Information Commission and the courts], shall be kept confidential in a personnel or similar file and shall not be subject to public inspection or disclosure. The Board may make available to the public any advisory opinions that do not invade an individual's privacy and may take other appropriate steps in an effort to increase public awareness of this Code of Ethics.

(2) The Board shall establish procedures by which the public may initiate complaints alleging a violation of this Code of Ethics. The Board itself may also initiate such a complaint. The Board shall have the power to hold hearings concerning the application of this code and its violation and may administer oaths and compel the attendance of witnesses by subpoena. As required by §7-148h (a) of the Connecticut General Statutes, the provisions of §1-82(a) through (e) of the Connecticut General Statutes shall apply to all investigations and hearings held under this ordinance. If the Board determines that there is probable cause, it shall continue the investigation and hold such further hearings as may be necessary, and if the Board determines that the respondent has, in fact, violated the provisions of this code, it shall file a memorandum of decision with a recommendation for appropriate action with the Board of Selectmen, except with respect to individuals under the jurisdiction of the Board of Education, in which cases the memorandum of decision shall be filed with the Board of Education. In the case of a consultant, it shall also be filed with the contracting agency. The recommended action may include private reprimand, public censure, a fine not to exceed $100 or other such action as the Board of Selectmen or Board of Education may deem appropriate in accordance with their respective responsibilities under the law provided that in the case of union employees, such recommended action does not constitute a unilateral change in conditions of employment. No such recommendation shall limit the authority of the Board of Selectmen or the Board of Education under the Charter of the Town of Simsbury or under any ordinance, statute or any other law, and the actions hereunder shall be supplemental to any authority the Board of Selectmen or Board of Education has under any ordinance, statute or any other law. Any discussion by the Board of Selectmen, Board of Education or contracting agency of an individual affected by said memorandum of decision shall be in executive session, unless the individual affected requests that such discussion be held in open session.

Chapter 13-3. Definitions.

For the purpose of this chapter, the following terms shall have the indicated meanings:

A. "Agency" means all boards, commissions, authorities and committees of the Town of Simsbury, including the Board of Education but not including a Town Meeting.
B. "Official" includes all persons who are members of a Town agency.
C. "Employee" includes all persons, including but not limited to officers and supervisors, employed by the Town and encompasses all persons, including but not limited to officers and supervisors, employed by the Board of Education.
D. "Consultant" means any independent contractor or professional person or firm that is engaged by and receives compensation from any agency for the purpose of providing scientific, technical or other specialized opinion to such agency and is in a position to influence any decision of an agency, official or employee.
E. "Financial Interest" means any interest that: (1) has a monetary value of $100.00 or more or generates a financial gain or loss of $100.00 or more in a calendar year; and (2) is not common to the other citizens of the Town. An individual's "financial interests" shall include the financial interests of all members of his/ her family who reside in his/ her household but shall not include any duly authorized compensation from the Town.
F. "Beneficial Interest" means any non-financial interest or special treatment that is not common to other citizens of the Town. An individual's "beneficial interests" shall include the "beneficial interests" of all members of his/her family who reside in his/her household.

G. "Confidential Information" means information, whether transmitted orally or in writing, that is obtained by an official or employee by reason of his/her public position and is of such nature that, at the time of transmission, it is not a matter of public record.

H. Immediate Family means a member of a person’s family who resides in the person’s household.

This Code of Ethics shall be incorporated into all contracts entered into by an agency and a consultant.

Persons or firms who are engaged by and receive compensation from other entities, such as the state or federal government, and who are in a position to influence any decision of an agency, official or employee shall be guided by this Code of Ethics, and the Board of Ethics, upon complaint or its own motion, may make recommendations to the entity employing such persons.

Chapter 13-5. Confidential Information.

Except as otherwise required by law, no official, employee or consultant shall disclose, without proper authorization, confidential information, nor shall he/she use such information to advance his/her financial or beneficial interests or the financial or beneficial interests of others. This section shall not be used to restrict the release of information that is properly available to the public.

Chapter 13-6. Use of Influence.

No official, employee or consultant may inappropriately use his/her position to seek, demand, or influence a financial interest or a beneficial interest in his/her favor or in favor of any other person or entity.

No official, employee or consultant or any member of his/her immediate family nor any agency, employee organization or group of employees shall solicit or accept any valuable gift, whether in the form of a service, a loan at a less than a commercially reasonable rate, a material thing or a promise, from any person or entity who or which is interested directly or indirectly in any business transactions or pending matters that are within the purview of such prospective recipient's official responsibilities. No official or employee shall accept any special favor, treatment, consideration or advantage beyond that which is generally available to citizens of the Town from any person who, to the official or employee's knowledge, is interested directly or indirectly in any business transactions or pending matters that are within his/her official responsibilities. For purposes of this section, pending matters include, but are not limited to, applications to agencies, bids for work to be performed, applications for employment and bids for the furnishing of supplies, equipment or other items.

The Board of Ethics shall formulate guidelines for delineating gifts and favors deemed not to be of value in order to avoid de minimus situations. Such guidelines shall become effective upon adoption by the Board of Selectmen.

This section shall not apply to a political contribution otherwise reported as required by law.

Chapter 13-8. Equal Treatment.

Without proper authorization, no official, employee or consultant shall grant any special consideration, treatment or advantage to any citizen beyond that which is available to every other citizen.
Chapter 13-9. Conflict of Interest.

An official or employee or consultant has a conflict of interest when he/she engages in or participates in any transaction, including private employment and the rendering of private services, that is incompatible with the proper discharge of his/her official responsibilities in the public interest or would tend to impair his/her independent judgment or action in the performance of his official responsibilities.

An official or employee or consultant has a financial interest or beneficial interest that is incompatible with the proper discharge of his/her official responsibilities in the public interest if he/ she has reason to believe or expect that he/she will derive such interest by reason of his/her performance of his/her official responsibilities.

An official or employee or consultant does not have a financial or beneficial interest that is incompatible with the proper discharge of his/her official responsibilities in the public interest if any such interest accrues to him/her as a member of a business, profession, occupation or group to no greater extent than it accrues to any other member of the business, profession, occupation or group that he/she represents. This does not relieve an individual from his/her obligation to refrain from voting on any matter that would directly benefit his/her business, profession, occupation, group or immediate family as required by Section 13-10 of this Code of Ethics, Section 1103 of the Charter of the Town of Simsbury and General Statutes §7-148h(b).

Chapter 13-10. Disclosure.

A. Any official, employee or consultant who has a financial or beneficial interest, direct or indirect, in any contract, transaction or decision within the purview of his/her official responsibilities shall disclose that interest in writing to the Board of Selectmen. Such disclosure also shall be provided, in the case of an official, to the agency of which the official is a member, and, in the case of an employee or consultant, to the agency by which he/she is employed or has been retained. Such disclosure shall disqualify the official, employee or consultant from participation in the matter, and violation of this section shall be grounds for removal by the appropriate agency in accordance with applicable law.

B. No official or employee or consultant shall appear on behalf of any private person or party before any agency in connection with any cause, proceeding, application or other matter in which he/ she has a financial or beneficial interest without first disclosing such interest to the agency, which shall record such disclosure in the record of the agency's proceeding. The Secretary or Clerk of said agency shall notify the First Selectman and, in the case of an official or employee of the Board of Education, the Chairman of the Board of Education, and the Chairman of the Board of Ethics in writing of such disclosure within three business days.

Chapter 13-11. Incompatible Employment and Activities.

A. No official or employee shall engage in or accept private employment or render services for private interest when the employment or services: (1) are incompatible with the proper discharge of his/her official duties; or (2) would tend to impair his/her independence of judgment or action in the performance of his official duty. No consultant shall engage in employment or render services for interests other than the Town when such employment or services: (1) are incompatible with the proper discharge of his/her consulting duties; or (2) would tend to impair the independence of his/her judgment or action on the matter for which he has been engaged by the Town.

B. No former official, employee or consultant shall appear on behalf of any private person or other entity before any agency with which he/she previously was employed or affiliated for a period of one year after the termination of his/her public service or employment. Such an individual may be relieved of his/her duty to refrain from such appearance upon written application to the Board of Ethics, which Board shall review the written application and relevant facts.

C. No former official, employee or consultant shall appear on behalf of any private person or other entity before any agency in regard to a matter in which he/she previously participated in the course of his/her official responsibilities for a period of one year after the termination of his/her public service or employment. Such an individual may be relieved of his/her duty to refrain from such appearance upon written application to the Board of Ethics, which Board shall review the written application and relevant facts.
D. Subsections B, C and D of this section shall not prohibit any current or former official, employee or consultant from appearing before any agency on his/her own behalf or on behalf of members of his/her family living in his/her household. To avoid the appearance of impropriety, officials are strongly discouraged from recusing themselves and appearing before their own agency unless extenuating circumstances exist. When in doubt, an official should seek an opinion from the Board of Ethics prior to appearing before his/her own agency.

E. An official should not appear before, or participate in the proceeding of, another agency in violation of Connecticut General Statutes §8-11 or §8-21 or any other provision of the General Statutes.

F. To avoid even the appearance of impropriety, an official not otherwise prohibited shall exercise care when appearing before other agencies and shall disclose whether he/she is appearing in his/her official capacity or as a private citizen.

Chapter 13-12. Acknowledgment Form.

A. Every official shall sign and file with the Board of Selectmen an acknowledgement form, supplied by the First Selectman, indicating his/her awareness of the provisions of this Code of Ethics, the guidelines issued thereunder and Section 1103 of the Charter of the Town of Simsbury on or before being sworn into office and again thereafter in January of each even numbered year. The Board of Selectmen shall adopt and implement a procedure for monitoring compliance with the aforesaid filing requirement.

B. Every consultant shall sign and file with agency by which he/she is retained an acknowledgment form, supplied by the First Selectman, indicating his/her awareness of the provisions of this Code of Ethics, the guidelines thereunder and Section 1103 of the Charter of the Town of Simsbury on or before being retained by an agency. The Board of Selectmen shall adopt and implement a procedure for monitoring compliance with the aforesaid filing requirement.

C. The Board of Selectmen shall adopt and the First Selectman shall implement a plan for making all employees, other than persons who are employed by the Board of Education, aware of the provisions of this Code of Ethics, the guidelines issued thereunder and Section 1103 of the Charter of the Town of Simsbury. The plan adopted by the Board of Selectmen shall contain a provision requiring that department heads review such provisions with all such employees at an interval to be determined by the Board of Selectmen. The plan shall be completed within 120 days after the adoption of this Code of Ethics, and a copy of the plan shall be filed with the Board of Ethics upon its adoption.

Every employee, other than persons employed by the Board of Education, shall execute an acknowledgment form, supplied by the First Selectman, indicating the employee's awareness of the provisions of this Code of Ethics, the guidelines issued thereunder and Section 1103 of the Charter of the Town of Simsbury as follows:

1. New employees shall execute the form at the time of employment and thereafter in accordance with subparagraph 2 below.
2. Current employees shall execute the form within 60 days after the adoption of the procedure set forth in paragraph C above and thereafter at intervals specified by the Board of Selectmen, but in no event shall such intervals be less frequent than a period of 2 years from the date of signing the last acknowledgement form.

D. The Board of Education shall adopt and the Superintendent shall implement a plan for making all employees of the Board of Education aware of the provisions of this Code of Ethics, the guidelines issued thereunder and Section 1103 of the Charter of the Town of Simsbury. 1. New employees shall execute the form at the time of employment and thereafter in accordance with subparagraph 2 below.

2. Current employees shall execute the form within 60 days after the adoption of the procedure set forth in Paragraph D above and thereafter at intervals specified by the Board of Education, but in no event shall such intervals be less frequent than a period of 2 years from the date of signing the last acknowledgement form.

Guidelines for Gifts and Favors

The following guidelines are issued to delineate gifts and favors deemed to be of no substantial value and permissible under the provisions of Section 13-3 of the Code of Ethics Ordinance for the Town of Simsbury:

1. The acceptance of a small gift, the denial of which would appear discourteous, provided the value of the gift does not exceed approximately $50.00 from a single donor or $100.00 per calendar year from a single donor, is permitted.

2. If a gift is received which is of such insignificant consequence that the cost of its return exceeds the value of the gratuity, it may be accepted.

3. Inexpensive advertising novelties, such as pens, calendars, and other items customarily distributed to both the public and private sector, may be accepted.

4. An occasional meal or entertainment event may be accepted if it is in the ordinary course of business, but under no circumstances shall a meal or other event be accepted if the value exceeds approximately $50.00. Occasional means: infrequent, without regularity, and generally not to exceed six or eight occasions per year.

5. Any other offer for travel, meals or entertainment is prohibited by the ordinance unless:

   (a) it is part of an event related to the Town’s business in which the employee or public officials from other municipalities are also offered the same benefit; AND
   (b) the event is approved in advance by the First Selectman in the case of Town officials and employees, or the Superintendent of Schools in the case of Board of Education officials and employees.

Any such approvals by the First Selectman or Superintendent of Schools which exceed $50.00 in value shall be reported in writing to the Chair of the Board of Ethics within ten (10) business days following the date of approval giving a description of the event, the approximate dollar amount involved, and the reason for the approval.

6. Acceptance of a gift, meal, entertainment event or other gratuity from a family member of person having a close relationship who would ordinarily be giving or exchanging gifts for special occasions such as religious holidays, birthdays, birth or adoption of a child are allowed unless the donor has a matter pending where the recipient of the gift has decision making authority.
