- 4. <u>Action Requested of the Board of Finance</u>: No action is requested
- 5. <u>Summary of Submission</u>:

General Fund Overview

As of March 31, 2023, revenues total \$113,111,038 or 98.31% of the budget. Items of note include the following:

- The Tax Department is seeing reduced collections on the current year levy compared to the prior year. This is due to the supplemental motor vehicle billings. Typically, the Town would see supplemental motor vehicle bills of about 17% of the original motor vehicle grand list. The current year supplemental motor vehicle bills are only coming in at about 13% of the original motor vehicle grand list. There was also an additional \$1M in billing adjustments compared to the prior year.
- The Tax Department is also seeing a decrease compared to budget on the motor vehicle State reimbursement allocation. The Town budgeted for a State reimbursement rate at a motor vehicle mill rate cap of 29 mills totaling \$2,006,464, however, the mill rate cap authorized by the State was 31.49 mills, resulting in a reimbursement to the Town of \$1,180,975.
- The Building Department is seeing increased permit revenues in the current year compared to the prior year of \$156,281 resulting from the Ethel Walker dormitory project.
- The Finance Department is seeing increased interest income due to rising interest rates from the prior of about \$661,050 compared to budget.
- The Town Clerk's Office revenues are currently at 73.8% of budget (in line with where we would except to be at this point in the year) but recording fees are anticipated to come in under budget as the housing market slows.
- The Town Manager's Office is seeing a large increase in revenue compared to the prior year due to an unanticipated municipal revenue sharing revenue. The PILOT payment was budgeted at \$99,702 but the town received \$651,183.

As of March 31, 2023, expenditures total \$81,701,654 or 70.22% of budget. Items of note include the following:

- As of the third quarter, overall expenditures are proceeding in accordance with budget. The major variations during the year relate to the CSEA union contract that was settled. These contracts were settled after being open for 3 years. A line item of the contingency payouts was added at the end of FY22 in the amount of \$798,665 to fund the settlements. Since the contracts were settled, there has been staffing terminations and retirements. Therefore, the full \$798K will not be needed to fund the contract payouts.
- Public Safety is also seeing significant salary savings during the year due to vacant positions.
- The pension ARC payment for the town come in under budget resulting in potential savings within the employee benefits line item of about \$214,853

Based on the projections provided in the financial statements, fund balance is estimated to be \$19,108,395 or 16.58% of budgeted expenditures.

Capital Funds Overview

A summary of all capital projects and reserve fund are included with this submission.

Parks and Recreation (Simsbury Farms) Fund

Parks and Recreation fund revenues exceeded expenditures by \$419,317 as of March 31, 2023. Estimated fund balance through the end of the year increased from \$639,237 to \$997,588.

Current year revenues were \$213,451 higher in the current year compared to the prior year. This is mainly due to an increased number of programs offered as we are nearing the end of pandemic related restrictions on the number of programs available. Golf revenues increased by \$69,634.

Current year expenditures were consistent from year to year with the exception of the allocation of the pension ARC payment which came in over budget.

<u>Health Insurance Fund</u>

The Health Insurance Fund expenditures exceeded revenues by \$2,920,044 as of March 31, 2023.

The change in net income is a mainly result of an accounting change on the revenue side. Previously the Board of Education was paying premiums over 12 months based on estimates. They are now paying premiums over 10 months consistent with what is actually happening.

Estimated fund balance thru year end decreased from \$3,862,745 to \$2,509,928. Estimated Reserves thru year end total \$3,502,028, or 22% of expected claims. The Town's health insurance consultants recommend reserves at 20-25% of expected claims.

<u>Sewer Use Fund</u>

The Sewer Use Fund revenues exceeded expenditures by \$420,816 as of March 31, 2023. Estimated fund balance through the end of the year decreased from \$7,304,684 to \$7,582,855. This was a planned use of fund balance during the FY22/23 budget process.

6. Financial Impact:
