Re: 894 Hopmeadow Street

Dear Brittany:

I am the applicant in the Wetlands Application for redevelopment of 894 Hopmeadow Street.

On July 6, 2023, I received a detailed review of the Engineering Department relating to the plans, specifications and reports submitted to the Town Planner. While the review was comprehensive, the items of particular relevance to the wetlands application were highlighted. The review has been discussed with our engineers. Because some of the items to be addressed require field work and further discussion between the Town and our engineers for clarification, we will be unable to proceed with the public hearing now scheduled for July 18, 2023.

I request that the public hearing be rescheduled to August 15, 2023.

Thank you for your consideration.

Sincerely yours,
s/
Charles D. Houlihan, Jr.
