Chris Nelson C/O 32-32 Iron Horse Llc.
79 West Street
Simsbury, CT 06070

REFERENCE: Application #21-13 of Chis Nelson Applicant; to construct a residential development with associated storm water infrastructure within the upland review, located at 32-36 Iron Horse Boulevard (#32 - Assessor's Map H09, Block 226, Lot 006) (#36 - Assessor's Map H09, Block 226, Lot 008 + 8A). # 32 - 6.06 acres, #36 - 7.10 acres. Zoned SC..

Dear Mr. Nelson:

The Town of Simsbury's Inland Wetlands and watercourses Commission approved your request. to construct a residential development with related storm water infrastructure with in the upland review at 32 - 36 Iron Horse Boulevard (#32 - Assessor's Map H09, Block 226, Lot 006) (#36 - Assessor's Map H09, Block 226, Lot 008 + 8A). zoned SC. The regulated activities are subject to jurisdiction in accordance with CT General Statutes, Section 22a-36 through 22a-45, inclusive, as amended, and the Simsbury Inland Wetlands and Watercourses regulations.

This permit is a grant of approval to conduct the following regulated activities:

1. Construction of a residential development with related storm water infrastructure within the upland review.

The Inland Wetlands Agent has reviewed the application materials and attaches the following conditions to minimize impacts associated with the proposed regulated activity and protect the inland wetlands and watercourses on this site:

STANDARD CONDITIONS

1. The Conservation Commission's agent shall be notified at least 48 hours prior to commencement of any regulated activity.
2. Final stabilization of disturbed soil areas shall be stabilized with the application of loam, seed, required plantings and appropriate erosion control measures.
3. At all times during site work and until soil areas are stabilized, the applicant shall install and maintain erosion and sediment control measures such as fabric filter fence, staked hay bales or other measures deemed necessary by the Commission's agent to prevent erosion and sedimentation impacts to wetlands and watercourses.
4. Erosion control and soil stabilization measures shall comply with the approved plans and the guidelines as established in the Connecticut Guidelines for Soil Erosion and Sediment Control, 2002. CTDEP Bulletin 34.

5. Upon direction of the Commission's agent, erosion and sediment control measures shall be removed by the applicant following stabilization of the site.

All work and all regulated activities conducted pursuant to this authorization shall be consistent with the terms and conditions of this permit. Any structures, excavation, deposition of fill, obstructions of flow, encroachments or other regulated activities not specifically identified and authorized herein shall constitute a violation of this permit and may result in permit modification, suspension or revocation.

In the event that any additional wetland or watercourse regulated activities are required as a result of other agency permitting to support the proposed activity, the Simsbury Conservation Commission reserves the right to reconsider the proposed regulated activity and may require modifications to minimize the impact to wetland resources.

In evaluating this application, the Agent/Commission has relied on information provided by the applicant. If such information subsequently proves to be false, incomplete and/or inaccurate, this permit may be modified, suspended or revoked.

This permit shall be valid for a period of 5 years. Permit extensions may be authorized in accordance with CT General Statute's sections 22a-36 through 22a-45 inclusive. If the regulated activity is not completed within this time frame, the permit may be held to be invalid by the Conservation Commission or the applicant may be required to petition the Commission for an extension or re-issuance of the permit. The Commission may require the applicant to furnish additional information at that time.

The Inland Wetlands Agent/Commission renders this Summary Ruling in accordance with the Simsbury Inland Wetlands and Watercourses Regulations based on the following considerations:

- A. Short-term impacts from the proposed development will be controlled by installation and maintenance of erosion and sediment controls and construction run-off controls.
- B. Strict adherence to the terms and conditions imposed with this permit will protect the quality of wetlands and surface waters on this property.

This permit will be strictly enforced. If the Conservation Commission finds that the applicant has not complied with the permit conditions or has exceeded the scope of this permit as set forth herein, or, if the intended use of the general site is not as represented by the application or the plan of record, the Commission may suspend or revoke this permit, direct the Assistant Town Planner to issue a cease and desist order, require the applicant to modify, extend or revise the site work, or require the applicant to restore the area to its original condition.

Very Truly Yours,

A handwritten signature in black ink, appearing to read 'THOMAS HAZEL', followed by a circular stamp or seal.

Thomas Hazel, CZEO
Assistant Town Planner
