Joe ,

it was a pleasure speaking to you today. I have attached 2 pdfs, 1 for each sign as well as 2 pictures (see below) as to where the signs will go etc.

Store front sign - is 2' tall x 12.5' wide , 1.5" aluminum and lit with pre-existing lighting provided by landlord/plaza.

pylon sign - retain existing signage, will use old "Battisons" space, sign is 10.25" tall x 1'6" wide

Thank you kindly and we look forward to being a part of Simsbury!

Neeraj Gupta
