## **TOWN OF SIMSBURY DEFINED BENEFIT PENSION PLANS INVESTMENT POLICY STATEMENT**

*Amended on October 18, 2022*

*Adopted by the Retirement Plan Subcommittee in November 2012*

*Amended on September 12, 2018*

*Adopted by the Board of Finance on July 30, 2019*

*Amended and Adopted by the Board of Finance on September 15, 2020*

*Amended and Adopted by the Board of Finance on October 18, 2022*

### **I. Introduction & Purpose**

The TOWN OF SIMSBURY DEFINED BENEFIT PENSION PLANS (the “Plans”) have been established to provide retirement benefits to those individuals eligible to receive them. This policy statement outlines the goals and investment objectives for the Plans. This document is intended to provide guidelines for managing the Plans, and to outline specific investment policies that will govern how those goals are to be achieved. This statement:

- Describes the investment objectives of the Plans;
- Defines the responsibilities of the Board of Finance, Retirement Plan Sub-Committee (“Committee”) and other parties responsible for the management of the Plans;
- Establishes investment guidelines regarding the selection of investment managers and diversification of assets;
- Specifies the criteria for evaluating the performance of the investment managers and of the Plans as a whole.

### **II. Investment Objective**

The Plans’ assets shall be invested in accordance with sound investment practices that emphasize long-term investment fundamentals. In establishing the investment objectives of the Plans, the Board of Finance has taken into account the financial needs and circumstances of the Town of Simsbury, the time horizon available for investment, the nature of the Plans’ cash flows and liabilities, and other factors that affect their risk tolerance. Consistent with this, the Board of Finance has determined that the investment of these assets shall be guided by the following underlying goals:

- To achieve the stated actuarial target of the Plans;
- To maintain sufficient liquidity to meet the obligations of the Plans;
- To diversify the assets of the Plans in order to reduce risk;
- To achieve investment results over the long-term that compare favorably with those of other pension plans, professionally managed portfolios and of appropriate market indexes.

### **III. Assignment of Responsibilities**

**Board of Finance** - In accordance with Simsbury’s Town Charter, Section 808, “The Board of Finance shall supervise and maintain the Town pension and other post-employment benefit funds in accordance with rules and regulations contained in agreements between the Town employees and the Town of Simsbury and or the Board of Education regarding pension and

other post-employment benefits. The Board of Finance shall, after consultation with the Board of Education and the Board of Selectmen, ensure the pension funds are prudently invested and shall also supervise and maintain the Retiree Benefit Fund established pursuant to the Town code of ordinances and designate the annual contribution to be made to insure said pension and post-employment funds. The investment and management of the assets of any such fund shall be in compliance with the prudent investor rule as set forth in Conn. Gen. Stat. Sections 45a-541 to 45a-541 | inclusive of the General Statutes.”

The Board of Finance shall:

1. Oversee compliance by the investment manager(s) with the investment policy;
2. Evaluate the performance of the investment manager(s) against specific investment objectives;
3. Approve fee schedules of the investment manager(s) based on contractual agreements;
4. Select the investment custodian(s); and,
5. Approve the continuation of business relationships with investment manager(s), custodian(s), and other vendors, if any.

The Board of Finance may delegate its authority to act on its behalf to certain members or agents (such as the Town Manager, the Director of Finance, or designated Sub-Committees). The Board of Finance shall discharge its duties with the care, skill, prudence and diligence appropriate to the circumstances then prevailing. The Board of Finance recognizes that some risk must be assumed to achieve the Plans’ long-term investment objectives. The Board of Finance will receive and review reports from the Town’s investment advisor on a semi-annual basis. The Board of Finance will review recommendations provided by the Retirement Plan Sub-Committee at their next regularly scheduled meeting.

**Retirement Plan Sub-Committee** – The Retirement Plan Sub-Committee is formed to satisfy the Simsbury Town Charter requirement that the Board of Finance consult with the Board of Selectmen and Board of Education. The Committee is charged with the responsibility of evaluating the assets of the Plans and recommending any changes to the Board of Finance. To that end, the Committee’s responsibilities include: recommending to the Board of Finance the Plans’ investment policy, objectives and portfolio guidelines with respect to asset allocation, risk parameters, and return evaluation and for specific interpretation of said investment policy, as well as selecting the investment vehicles, and periodically monitoring the performance of investments. The Committee will meet periodically. The Committee shall discharge its duties with the care, skill, prudence and diligence appropriate to the circumstances then prevailing. The Committee recognizes that some risk must be assumed to achieve the Plans’ long-term investment objectives.

**Investment Consultant** – The Board of Finance will engage the services of an Investment Consultant. The Investment Consultant’s role is that of a non-discretionary advisor to the Board of Finance and the Committee. The Investment Consultant will assist in the development and periodic review of an Investment Policy Statement and the Plans’ asset allocation, conduct manager searches when necessary, monitor the performance of the managers/funds, and communicate on other matters of relevance to the oversight of the Plans.

**Custodian** – The Custodian is responsible for the safekeeping and custody of assets. The Custodian will physically (or through agreement with a sub-custodian) maintain possession of securities owned by the Plans, collect dividends and interest payments, redeem maturing securities, and effect receipt and delivery following purchases and sales. The Custodian may also

perform regular accounting of all assets owned, purchased, or sold, as well as movement of assets into and out of the Plans accounts (for example, to accommodate distribution needs).

#### **IV. Asset Allocation**

The asset allocation target ranges set forth in Appendix A represent a long-term view. Short-term market volatility may cause the asset mix to fall outside the targeted range.

#### **V. Rebalancing**

The Board of Finance, at its discretion, may or may not institute rebalancing as necessary. Such adjustments should be executed with consideration to turnover, transaction costs, and realized losses over the long term. The necessity to rebalance will be reviewed periodically.

#### **VI. Selection Criteria for Investment Managers**

Investment managers/funds retained by the Plans shall be chosen using various criteria, including but not limited to the following:

- Past results, considered relative to appropriate indexes and other investments having similar investment objectives. Consideration shall be given to both consistency of performance and the level of risk taken to achieve results;
- The investment style and discipline of the investment manager;
- How well the manager's investment style or approach complements other assets in the Plans;
- Level of experience, personnel turnover, financial resources, and staffing levels of the investment management firm or fund.

The Plans will utilize a multi-manager structure of complementary investment styles and asset classes to invest the Plans' assets.

The Investment Consultant is additionally tasked with regular oversight of the roster of investment managers deployed on the Plans' behalf. The motivation for this effort is to ensure that the managers continue to administer their portfolios in a manner consistent with the overall approaches and qualifications that appealed to the Board of Finance initially and that anomalies and deviations from these approaches and qualifications are identified and addressed. When deemed necessary, the Investment Consultant will provide other manager candidates for the Board of Finance's consideration.

Should additional contributions and/or market value growth permit, the Board of Finance may retain additional investment managers to invest the assets of the Plans. Additional managers would be expected to diversify the Plans by investment style, asset class, and management structure and thereby enhance the probability of the Plans achieving its long-term investment objectives.

#### **VII. Securities Guidelines**

The Plans' investments may include separately managed accounts and/or mutual funds/co-mingled funds, including marketable and non-marketable alternatives and exchange traded funds. The Board of Finance understands that managers have full responsibility for security selection, diversification, turnover and allocation of holdings among selected securities and industry groups, as particularly detailed in the Investment Policy Statement of each of the Plans' separately managed accounts or in the prospectus/offering memorandum for each mutual fund/co-mingled fund/exchange traded fund in the portfolio. No securities will be purchased, or carried, on margin.

With respect to mutual/co-mingled funds, the Board of Finance will consider the following to insure proper diversification and function for each of the funds:

1. The mutual fund/co-mingled pool organizations selected should demonstrate: (a) a clearly defined investment philosophy; (b) a consistent investment process; (c) an experienced and stable organization; and (d) cost-effectiveness.
2. The mutual fund/co-mingled pool used will generally have at least a full three-year track record, or its equivalent, and the individual fund/pool must have at least \$25 million under management (or, as an organization, \$100 million in the same strategy) at the time of selection.
3. Each mutual fund/co-mingled pool will be regularly evaluated for proper diversity and each will provide material information on a timely basis.
4. With respect to hedge fund-of-funds, in addition to meeting each of the three above-specified criteria, each fund-of-funds will include an appropriate number of hedge fund managers to be considered well diversified. Investment strategies in hedge fund-of-funds may generally include: long/short U.S. equity, global equity, derivatives, distressed debt and other fixed income strategies, currency exposure, arbitrage and event driven strategies, and additional strategies with low correlation to traditional asset classes.

### **VIII. Proxy Voting**

Each investment manager is responsible for and empowered to exercise all rights, including voting rights, as are acquired through the purchase of securities, where practical. Each investment manager shall vote proxies in the best interest of the Town of Simsbury. A copy of each firm's guidelines, and/or summary of proxy votes shall be provided to the Board of Finance or Committee upon request.

### **IX. Investment Monitoring and Reporting**

The Board of Finance and Committee will periodically review performance of the investments in the Plans. Performance monitoring is the mechanism for revisiting the investment selection process and confirming that the criteria originally satisfied remain intact and that an investment continues to be appropriate for the Plans. While frequent change is neither expected nor desirable, the process of monitoring investment performance relative to specified guidelines is an on-going process.

Monitoring should occur on a periodic basis. The monitoring process will utilize the same criteria that formed the basis of the investment selection decision. In addition, a set of "watch list criteria" may be employed to track important quantitative and qualitative elements, assist in the evaluation process, and focus the Board of Finance and Committee on potential areas of concern.

Watch list criteria may include the following:

- Performance relative to benchmark performance over various time frames;
- Deterioration of risk-adjusted performance;
- Notable style drift / change in investment objective;
- High manager fees relative to peers;
- Significant organizational or manager change.

**X. Termination of an Investment Manager or Fund**

A manager/fund may be terminated when the Board of Finance has lost confidence in the manager's ability to:

- Achieve performance and risk objectives;
- Comply with investment guidelines;
- Comply with reporting requirements;
- Maintain a stable organization and retain key investment professionals.

There are no hard and fast rules for manager termination. However, if the investment manager has consistently failed to adhere to one or more of the above conditions, termination may be considered. Failure to remedy the circumstances of unsatisfactory performance by the manager/fund, within a reasonable time, may be grounds for termination.

Any recommendation to terminate a manager/fund will be treated on an individual basis and will not be made solely based on quantitative data. In addition to those above, other factors may include, but shall not be limited to, professional or Town of Simsbury turnover, or material change to investment processes.

The process for selecting a replacement for a terminated manager would follow the criteria outlined in the section of this Investment Policy Statement titled Selection Criteria for Investment Managers.

**XI. Approval**

*It is understood that this investment policy is to be reviewed periodically by the Board of Finance and Committee to determine if any revisions are warranted by changing circumstances including, but not limited to, changes in financial status, risk tolerance, or changes involving the investment managers.*
