7. **Summary of Submission** (Include in your summary (i) relevant dates and timelines; (ii) parties involved; (iii) a description of financial terms and conditions specifically identifying the financial exposure/commitment of the Town of Simsbury; (iv) whether or not contracts, licenses and other legal documents have been reviewed by the Town's counsel; and (v) other information that will inform the Board of Selectmen's consideration of your submission. Include any additional information in an attached memorandum.):

I have been in contact with Gerry Toner, Director of Parks and Recreation, and have presented to the Culture, Parks and Recreation Commission and received their approval for my Eagle Project. I am also talking with Howard Beach, of the Inlands Wetland Agency.

I plan to begin the weekend of August 17/18 and will hopefully finish within three weeks.

I want to fix a section of the trail that goes around the golf course at Simsbury Farms. The trail becomes washed out when it rains and is very rough and rocky at that section of the trail, with trenches made by the running rain water.

The Culture, Parks, and Recreation Commission has approved my plan to divert the water to the sides of the trail using pipes put under the rocks and soil.

See attached project workbook for more information.

8. **Description of documents included with submission** (All documents must be in final form and signed by the appropriate party.):

The following documents are included with this submission and attached hereto:
