Simsbury, CT 06070

Dear Lisa:

I am writing on behalf of the Board of Education in response to your request of July 3, 2017 regarding evaluation of the pending Petition with the Connecticut Siting Council for a 26.5 megawatt solar project (Tobacco Valley Solar) located on 289 acres off County Road and Hoskins Road. While the project is adjacent to playing fields at Squadron Line School, the Board does not feel that this project implicates Board of Education interests and has no guidance to provide. Thank you for reaching out to Boards and Commissions for comment and for providing me with information from the Farmington Valley Health District when the project was first submitted.

Sincerely,

Matt Curtis
Superintendent
