"In Partnership With Our Community"

Bicycle and Pedestrian State Law Guide

**Prepared by:
PFC. Lauren Devin**

Spring 2016

Preface

This document was compiled by the Simsbury Police Department as a guide to Connecticut laws that pertain to bicycles and pedestrians on roads and sidewalks. It is not all inclusive and should be only be used as a resource and guide. For questions regarding bicycle and pedestrian operation and safety, contact Officer Lauren Devin at (860) 658-3131 or Officer Tracy Dunne at (860) 658-3108.

Table of Contents

13a-57b	Areas for bicycle and pedestrians	p. 5
13a-141	Bridle paths	p. 5
13a-141a	Statewide footpath and bicycle trail plan	p. 6
13a-153	State liability for bridle paths	p. 6
14-230	Driving in the right-hand lane	p. 7
14-232	Passing	p. 7
14-234	Determination of no-passing zones	p. 7
14-251	Parking vehicles	p. 7
14-286	Use of bicycles, motor driven cycles...	p. 8
14-286a	Rights, duties, regulation of cyclists	p. 10
14-286b	Operation of bicycles	p. 10
14-286c	Left and right turns	p. 11
14-286d	Bicycle helmets	p. 12
14-286e	Police Officers, firefighters, EMS on bicycles	p. 12
14-286f	"Share the Road" campaign	p. 13
14-288	Lights, reflectors, and brakes on bicycles	p. 13
14-289	Regulation of use of bicycles by municipality	p. 13
14-299	Traffic control signals. Right on red.	p. 13
14-300	Crosswalks. Pedestrian-control signals	p. 16
14-300a	Pedestrian street markings near housing for elderly	p. 17
14-300b	Pedestrian use of crosswalks and roadways	p. 17
14-300c	Pedestrian use of roads and sidewalks, yield to...	p. 17
14-300d	Operator of vehicle to exercise due care	p. 18

14-300e	Application of pedestrian rights to solicitation	p. 18
14-300f	Vehicles to stop for school crossing guard	p. 18
14-301	Stop signs	p. 19
P.A. 14-31	Vulnerable user of a public highway	p.19

Definitions:

Bicycle: Includes all vehicles propelled by the person riding the same by foot or hand power.

Motor vehicle: Includes all vehicles used on public highways.

Pedestrian: Includes all persons propelled by foot power.

Statutes:

Sec. 13a-57b. Areas for bicycles and pedestrians. The Commissioner of Transportation shall, whenever possible, encourage the inclusion of areas for bicycles and pedestrians when (1) creating a layout of a state highway, in accordance with section 13a-57, or (2) relocating a state highway, in accordance with section 13a-56.

Sec. 13a-141. Bridle paths; pedestrian walks; bicycle paths. (a) Upon written application made to the commissioner in such form as he prescribes, said commissioner may issue permits to private individuals, corporations or other organizations or to towns or other public authorities or agencies to construct and maintain, at the expense of the permittee or permittees, bridle paths, pedestrian walks, bicycle paths and suitable entrances to, and exits from, such walks and paths on the land owned by the state along any highway maintained by the state. Each such permit shall specify the location of the proposed walks and paths and entrances and exits which may be constructed and maintained thereunder. Each such permit may be revoked at any time, with or without cause, by the commissioner. All construction and maintenance work pursuant to each such permit shall be subject to the supervision and control of the commissioner or, if the permittee so desires and said commissioner consents thereto, the funds for such work may be deposited in advance with the commissioner and the construction and maintenance work may then be performed by the commissioner to the extent that funds so deposited will pay for the same, provided, if the work is performed by the commissioner, he shall furnish to the permittee, prior to the commencement of such work, an estimate of the cost thereof, with specifications of the work to be done. No fee shall be charged any resident of the state for the use of such walks and paths. If a town or other public authority or agency requests a permit to construct and maintain such path or walk the commissioner is authorized to contribute one-half of the cost of construction of such path or walk from funds available to the Department of Transportation, provided such town, public authority or agency agrees to assume the maintenance, responsibility, liability and supervision of such path or walk.

(b) When the selectmen of any town discontinue any highway or private way, or land dedicated as such, pursuant to section 13a-49, they may except from the operation of such discontinuance and reserve to the town and to the public such

rights in such discontinued highway, private way or land dedicated as such, as may be reasonably necessary to construct and maintain a bridle path, pedestrian walk or bicycle path. Any such rights excepted and reserved to a town under this section shall be subject to the rights of property owners bounding a discontinued highway as are provided in section 13a-55.

Sec. 13a-141a. State-wide footpath and bicycle trail plan. (a) The Commissioner of Transportation shall prepare and, when necessary, revise a state-wide plan for the establishment of footpaths and bicycle trails to be located adjacent to state and local roads except: (1) Where the establishment of such paths and trails would be contrary to public health and safety; (2) if the cost of establishing such paths and trails would be excessively disproportionate to the need or probable use; or (3) where sparsity of population, other available ways or other factors indicate an absence of any need for such paths and trails.

(b) Said commissioner shall cause to be constructed and maintained such footpaths and bicycle trails adjacent to state roads as are designated in the state-wide plan prepared under subsection (a) of this section.

(c) Any private individual, corporation or other organization or any town or other public authority or agency wishing to construct and maintain a footpath or bicycle trail along any highway maintained by the state shall comply with the provisions of section 13a-141.

(d) No footpath or bicycle trail to be located, in whole or in part, within the boundaries of any transit district shall be constructed without the prior approval of such transit district. Any footpath or bicycle trail proposed by a transit district, whether or not said footpath or bicycle trail is included in the state-wide plan, shall be given priority in planning and construction.

Sec. 13a-153. State liability for bridle paths, pedestrian walks and bicycle paths and injuries thereon. (a) No person, firm or corporation performing or engaged in performing work under the provisions of section 13a-141 or contributing any labor, services, supplies or materials in connection therewith shall have any claim against the state either (1) for compensation or payment for such labor, services, supplies or materials, except to the extent that funds for the payment thereof have been deposited with the commissioner as provided in said section, or (2) for any injuries or damages to person or property suffered or incurred while performing such work or in connection therewith.

(b) Each person, firm or corporation using the pedestrian walks, bicycle paths, bridle paths, entrances or exits provided for in section 13a-141, 13a-141a or 13a-142e, or using any lane or other part or facility of any highway, road, bridge or parking facility provided by the state for bicycle traffic or using the walk or path connections provided for in section 13a-142, shall do so at his, her or its own risk, and no liability shall accrue to the state or any agency, including the Route 11 Greenway Authority Commission created under section 13a-142e, or employee of the state for any injuries or damages to any person or property

which may result, either directly or indirectly, from the use of such walks, paths, entrances, exits or connections.

Sec. 14-230 Driving in right-hand lane. (a) Upon all highways, each vehicle, other than a vehicle described in subsection (c) of this section, shall be driven upon the right, except (1) when overtaking and passing another vehicle proceeding in the same direction, (2) when overtaking and passing pedestrians, parked vehicles, animals or obstructions on the right side of the highway, (3) when the right side of a highway is closed to traffic while under construction or repair, (4) on a highway divided into three or more marked lanes for traffic, or (5) on a highway designated and signposted for one-way traffic.

Sec. 14-232. Passing. (a) Except as provided in sections 14-233 and 14-234, (1) the driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the highway until safely clear of the overtaken vehicle; and (2) the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. For the purposes of this subsection, "safe distance" means not less than three feet when the driver of a vehicle overtakes and passes a person riding a bicycle.

(b) No vehicle shall be driven to the left side of the center of the highway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken.

(c) Violation of any provision of this section shall be an infraction.

Sec. 14-234 Determination of no-passing zones. (b) The driver of a vehicle may overtake and pass, in a marked no-passing zone, pedestrians, parked or standing vehicles, animals, bicycles, mopeds, scooters, vehicles moving at a slow speed, as defined in section 14-220, or obstructions on the right side of the highway, as listed in subdivision (2) of subsection (a) of section 14-230, as amended by this act, provided such overtaking and passing may be conducted safely, with adequate sight distance and without interfering with oncoming traffic or endangering traffic, as defined in section 14-297.

Sec. 14-251 Parking vehicles. No vehicle shall be permitted to remain stationary within ten feet of any fire hydrant, or upon the traveled portion of any highway except upon the right-hand side of such highway in the direction in which such vehicle is headed; and, if such highway is curbed, such vehicle shall be so placed that its right-hand wheels, when stationary, shall, when safety will permit, be within a distance of twelve inches from the curb. No vehicle shall be permitted to remain parked within twenty-five feet of an intersection or a marked

crosswalk thereat, or within twenty-five feet of a stop sign caused to be erected by the traffic authority in accordance with the provisions of section 14-301. No vehicle shall be permitted to remain stationary upon the traveled portion of any highway at any curve or turn or at the top of any grade where a clear view of such vehicle may not be had from a distance of at least one hundred and fifty feet in either direction. The Commissioner of Transportation may post signs upon any highway at any place where the keeping of a vehicle stationary is dangerous to traffic, and the keeping of any vehicle stationary contrary to the directions of such signs shall be a violation of this section. No vehicle shall be permitted to remain stationary upon the traveled portion of any highway within fifty feet of the point where another vehicle, which had previously stopped, continues to remain stationary on the opposite side of the traveled portion of the same highway. No vehicle shall be permitted to remain stationary within the limits of a public highway in such a manner as to constitute a traffic hazard or obstruct the free movement of traffic thereon, provided a vehicle which has become disabled to such an extent that it is impossible or impracticable to remove it may be permitted to so remain for a reasonable time for the purpose of making repairs thereto or of obtaining sufficient assistance to remove it. Nothing in this section shall be construed to apply to emergency vehicles and to maintenance vehicles displaying flashing lights or to prohibit a vehicle from stopping, or being held stationary by any officer, in an emergency to avoid accident or to give a right-of-way to any vehicle or pedestrian as provided in this chapter, or from stopping on any highway within the limits of an incorporated city, town or borough where the parking of vehicles is regulated by local ordinances. Violation of any provision of this section shall be an infraction.

Sec. 14-286. Use of bicycles, motor-driven cycles and high-mileage vehicles.

(a) Each person operating a bicycle upon and along a sidewalk or across any roadway upon and along a crosswalk shall yield the right-of-way to any pedestrian and shall give an audible signal within a reasonable distance before overtaking and passing a pedestrian. Each person operating a bicycle or a motor-driven cycle upon a roadway shall within a reasonable distance give an audible signal before overtaking and passing a pedestrian or another bicycle operator. No person shall operate a bicycle upon or along a sidewalk or across a roadway upon and along a crosswalk if such operation is prohibited by any ordinance of any city, town or borough or by any regulation of the Office of the State Traffic Administration issued or adopted pursuant to the provisions of section 14-298.

(b) No person shall ride a motor-driven cycle unless that person holds a valid motor vehicle operator's license. No person shall operate a motor-driven cycle on any sidewalk, limited access highway or turnpike.

(c) (1) Notwithstanding the provisions of subsection (b) of this section, the Commissioner of Motor Vehicles may issue to a person who does not hold a valid operator's license a special permit that authorizes such person to ride a motor-driven cycle if (A) such person presents to the commissioner a certificate by a physician licensed to practice medicine in this state that such person is

physically disabled, as defined in section 1-1f, other than blind, and that, in the physician's opinion, such person is capable of riding a motor-driven cycle, and (B) such person demonstrates to the Commissioner of Motor Vehicles that he is able to ride a bicycle on level terrain, and a motor-driven cycle. (2) Such permit may contain limitations that the commissioner deems advisable for the safety of such person and for the public safety, including, but not limited to, the maximum speed of the motor such person may use. No person who holds a valid special permit under this subsection shall operate a motor-driven cycle in violation of any limitations imposed in the permit. Any person to whom a special permit is issued shall carry the permit at all times while operating the motor-driven cycle. Each permit issued under this subsection shall expire one year from the date of issuance.

(d) Notwithstanding the provisions of any statute or regulation to the contrary, the Office of the State Traffic Administration shall adopt regulations in accordance with the provisions of chapter 54 determining the conditions and circumstances under which bicycle traffic may be permitted on those bridges in the state on limited access highways which it designates to be safe for bicycle traffic. Bicycle traffic shall not be prohibited on any such bridges under such conditions and circumstances.

(e) As used in this section: (1) "Sidewalk" means any sidewalk laid out as such by any town, city or borough, and any walk which is reserved by custom for the use of pedestrians, or which has been specially prepared for their use. "Sidewalk" does not include crosswalks and does not include footpaths on portions of public highways outside thickly settled parts of towns, cities and boroughs, which are worn only by travel and are not improved by such towns, cities or boroughs or by abutters; (2) "bicycle" includes all vehicles propelled by the person riding the same by foot or hand power; and (3) "motor-driven cycle" means any motorcycle, motor scooter or bicycle with an attached motor with a seat height of not less than twenty-six inches and a motor that produces five brake horsepower or less.

(f) A person shall operate a motor-driven cycle on any public highway, the speed limit of which is greater than the maximum speed of the motor-driven cycle, only in the right hand lane available for traffic or upon a usable shoulder on the right side of the highway, except when preparing to make a left turn at an intersection or into or from a private road or driveway.

(g) Any person who pleads not guilty of a violation of any provision of this section shall be prosecuted within fifteen days of such plea.

(h) No person may operate a high-mileage vehicle as defined in section 14-1 on any sidewalk, limited access highway or turnpike.

(i) Violation of any provision of this section shall be an infraction.

Sec. 14-286a. Rights, duties and regulation of cyclists. (a) Every person riding a bicycle, as defined by section 14-286, upon the traveled portion of a highway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of any vehicle subject to the requirements of the statutes relating to motor vehicles, except as to those provisions which by their nature can have no application and except that each town, city or borough and the Office of the State Traffic Administration within its jurisdiction as provided in section 14-298 shall have authority to regulate bicycles as provided in section 14-289 and said section 14-298, and except as provided by section 14-286c. No parent of any child and no guardian of any ward shall authorize or knowingly permit any such child or ward to violate any provision of the general statutes or ordinances enacted under section 14-289 relating to bicycles.

(b) Every person operating a bicycle solely by hand or foot power upon and along any sidewalk or across any roadway upon and along any crosswalk shall be granted all of the rights and shall be subject to all of the duties applicable to pedestrians walking in such areas as provided by the general statutes, except as provided otherwise by any ordinance of any city, town or borough or any regulation of the Office of the State Traffic Administration, issued or adopted pursuant to the provisions of section 14-289.

Sec. 14-286b. attaching to moving vehicle prohibited; carrying of passengers, packages, bundles and other articles restricted; at least one hand to be kept on handle bars. Operators of roller skates, sleds, skateboards, coasters and toy vehicles prohibited from attaching to moving vehicle. (a) Any person operating a bicycle upon a roadway at less than the normal speed of traffic shall ride as close to the right side of the roadway as is safe, as judged by the bicyclist, except when: (1) Overtaking or passing another vehicle proceeding in the same direction; (2) Preparing for a left turn at an intersection or into a private road or driveway; (3) Reasonably necessary to avoid conditions, including, but not limited to fixed or moving objects, parked or moving vehicles, bicycles, pedestrians, animals, surface hazards or lanes that are too narrow for a bicycle and a motor vehicle to travel safely side by side within such lanes; (4) Approaching an intersection where right turns are permitted and there is a dedicated right turn lane, in which case a bicyclist may ride on the left hand side of such dedicated lane, even if the bicyclist does not intend to turn right; (5) Riding on a roadway designated for one-way traffic, when the bicyclist may ride as near to the left-hand curb or edge of such roadway as judged safe by the bicyclist; or (5) Riding on a roadway designated for one-way traffic, when the bicyclist may ride as near to the left-hand curb or edge of such roadway as judged safe by the bicyclist; or (6) Riding on parts of the roadways separated for the exclusive use of bicycles, including, but not limited to contra-flow bicycle lanes, left-handed cycle tracks or bicycle lanes on one-way streets and two-way cycle tracks or bicycle lanes.

(b) Persons riding bicycles upon a roadway shall not ride more than two abreast except on paths or parts of roadways set aside for the exclusive use of bicycles. Persons riding two abreast, as provided in this subsection, shall not impede the

normal and reasonable movement of traffic, and, on a laned roadway, shall ride within a single lane.

(c) No person riding upon any bicycle, roller skates, sled, skateboard, coaster or toy vehicle shall attach the same or himself to any vehicle moving or about to move on a public roadway nor shall the operator of such vehicle knowingly permit any person riding a bicycle, roller skates, skateboard, coaster, sled or toy vehicle to attach the same or himself to such vehicle so operated or about to be operated, provided any person operating a bicycle solely by foot or hand power may attach a bicycle trailer or semitrailer thereto, provided such trailer or semitrailer is designed for such attachment.

(d) No person operating a bicycle, as defined by section 14-286, upon a roadway, path or part of roadway set aside for exclusive use of bicycles shall carry on such bicycle a passenger unless such bicycle is equipped or designed to carry passengers, provided any person who has attained the age of eighteen years may carry any child while such person is operating a bicycle propelled solely by foot or hand power, provided such child is securely attached to his person by means of a back pack, sling or other similar device. The term "child", as used in this subsection, means any person who has not attained the age of four years.

(e) No person operating a bicycle, as defined by section 14-286, shall carry any package, bundle or other article which prevents such person from using both hands in the operation of such bicycle. Each person operating such bicycle shall keep at least one hand on the handlebars thereof when such bicycle is in motion.

(f) Violation of any provision of this section shall be an infraction.

Sec. 14-286c. Left and right turns. (a) Each person riding a bicycle upon the traveled portion of a highway and intending to make a left turn after proceeding pursuant to the provisions of section 14-244 or subsection (b) of this section, may in lieu of the procedure prescribed by section 14-241, approach as close as practicable to the right-hand curb or edge of the highway, proceed across the intersecting roadway and make such turn as close as practicable to the curb or edge of the highway on the far side of the intersection, provided such procedure is not prohibited by any regulation issued by any town, city, borough or the Office of the State Traffic Administration.

(b) Each person riding a bicycle upon the traveled portion of a highway and intending to make a right turn may in lieu of the procedure prescribed by section 14-244, before turning and while in motion or if stopped while waiting to turn signal such turn by extending his right hand and arm horizontally with forefinger extended.

(c) No person operating a bicycle upon the traveled portion of a highway and intending to make a right or left turn shall be required when making a signal of such intention to make such signal continuously.

Sec. 14-286d. Bicycle helmets. Children. Renting bicycles. Public awareness campaign. (a) For the purposes of this section and section 14-286e, "bicycle" means any vehicle propelled by the person riding the same by foot or hand power.

(b) No child fifteen years of age or under shall operate a bicycle on the traveled portion of any highway unless such child is wearing protective headgear which conforms to the minimum specifications established by the American National Standards Institute or the Snell Memorial Foundation's Standard for Protective Headgear for Use in Bicycling. Failure to comply with this section shall not be a violation or an offense. Failure to wear protective headgear as required by this subsection shall not be considered to be contributory negligence on the part of the parent or the child nor shall such failure be admissible in any civil action.

(c) A law enforcement officer may issue a verbal warning to the parent or guardian of a child that such child has failed to comply with the provisions of subsection (b) of this section.

(d) A person, firm or corporation engaged in the business of renting bicycles shall provide a bicycle helmet conforming to the minimum specifications established by the American National Standards Institute or the Snell Memorial Foundation's Standard for Protective Headgear for Use in Bicycling to any person under sixteen years of age who will operate the bicycle if such person does not have a helmet in his possession. A fee may be charged for the helmet rental. Violation of any of the provisions of this subsection shall be an infraction.

(e) The Commissioner of Consumer Protection may establish, within available appropriations, a public awareness campaign to educate the public concerning the dangers of riding bicycles without helmets and to promote the use of safety helmets while riding bicycles.

Sec. 14-286e. Police officers, firefighters or emergency service personnel on bicycles. (a) Any police officer, firefighter or person engaged in providing emergency services who operates a bicycle in response to an emergency call or while engaged in rescue operations or in the immediate pursuit of an actual or suspected violator of the law shall be exempt from the provisions of sections 14-286, 14-286a, 14-286b, 14-286c and 14-289 provided (1) the police officer, firefighter or person engaged in providing emergency services is sixteen years of age or older, (2) the police officer, firefighter or person engaged in providing emergency services is wearing a distinctive uniform, and (3) the police officer has completed a course of instruction in basic police bicycle patrol certified by the Police Officer Standards and Training Council or an equivalent course of instruction, and the firefighter or person engaged in providing emergency services has completed an equivalent course of basic bicycle patrol.

(b) The exemptions granted in subsection (a) of this section shall apply only when such bicycle is making use of an audible warning signal device, including, but not limited to a siren, whistle or bell.

(c) The provisions of this section shall not relieve the operator of a bicycle from the duty to drive with due regard for the safety of all persons and property.

Sec. 14-286f. “Share the Road” public awareness campaign. The Commissioner of Transportation shall, within available appropriations and in consultation with groups advocating on behalf of bicyclists, develop and implement a state-wide “Share the Road” public awareness campaign to educate the public concerning the rights and responsibilities of both motorists and bicyclists as they jointly use the highways of this state.

Sec. 14-288. Lights, reflectors and brakes on bicycles. Whistle emitting devices prohibited. (a) Each bicycle operated upon the public highway, during the times or under the conditions as provided in subsection (a) of section 14-96a, shall display a lighted lamp upon the forward part of such bicycle. Such lamp shall, when lighted, emit a white light which in clear weather shall be visible at a distance of not less than five hundred feet in the direction in which such bicycle is proceeding. Each bicycle shall also, at all times, be equipped with a reflector or reflecting tail light lens, which reflector or lens shall be attached to the rear of such bicycle in such manner as to reflect rays of light thrown upon the same, and such reflector or reflecting tail shall be visible at a distance of not less than six hundred feet from the rear when illuminated by the head lamps of a motor vehicle. Such bicycle shall also be equipped with reflective material so placed and of sufficient size and reflectivity to be visible from both sides of such bicycle at a distance of not less than six hundred feet when illuminated by the head lamps of a motor vehicle. Each bicycle shall also, at all times, be equipped with a braking device sufficient to enable the operator thereof to stop within twenty-five feet on dry, level and clean pavement when moving at a speed of ten miles per hour. No person shall equip a bicycle with a siren or device which emits a whistle or use a siren or device which emits a whistle while operating a bicycle.

(b) Operation of a bicycle in conflict with any provision of this section shall be an infraction.

Sec. 14-289. Regulation of use of bicycles by municipality. Each town, city and borough shall have authority to make any ordinance not inconsistent with section 14-286 or 14-288 or any regulation of the Office of the State Traffic Administration issued pursuant to section 14-298, respecting governing and controlling the use of bicycles within such town, city or borough, with appropriate penalties for violation thereof, which ordinances may include provisions requiring annual licensing of bicycles and providing for registration of any sale of, or change of ownership in, a bicycle.

Sec. 14-299. Traffic control signals. Right turn on red. (a) For the purpose of standardization and uniformity, no installation of any traffic control signal light shall be made by any town, city or borough until the same has been approved by the Office of the State Traffic Administration. Such approval shall be based on necessity for, location of and type of such signal light and shall be applied for on a form supplied by the Office of the State Traffic Administration and shall be

submitted to said office by the traffic authority having jurisdiction. Approval of any such signal light may be revoked by the Office of the State Traffic Administration at any time if said office deems such revocation to be in the interest of public safety, and thereupon such signal lights shall be removed by the traffic authority having jurisdiction.

(b) When traffic at an intersection is alternately directed to proceed and to stop by the use of signals exhibiting colored lights or lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian control signals carrying word legends, said lights shall apply to drivers of vehicles and pedestrians and shall indicate the following:

(1) Circular green alone: Vehicular traffic facing a green signal may proceed straight through or turn right or left unless a sign or marking at such place prohibits either such turn or straight through movement, except that such traffic shall yield the right-of-way to pedestrians and vehicles lawfully within a crosswalk or the intersection at the time such signal was exhibited; pedestrians facing the green signal, except when directed by separate pedestrian-control signals, may proceed across the highway within any marked or unmarked crosswalk.

(2) Yellow: Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter, when vehicular traffic shall stop before entering the intersection unless so close to the intersection that a stop cannot be made in safety; pedestrians facing a steady yellow signal, except when directed by separate pedestrian-control signals, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) Red alone: Vehicular traffic facing a steady red signal alone shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and remain standing until the next indication is shown; provided, on or after July 1, 1979, vehicular traffic traveling in the travel lane nearest the right hand curb or other defined edge of the roadway, unless a sign approved by the Office of the State Traffic Administration has been erected in the appropriate place prohibiting this movement, may cautiously enter the intersection to make a right turn onto a two-way street or onto another one-way street on which all the traffic is moving to such vehicle's right after such vehicle has stopped as required in this subdivision and yielded the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. Pedestrians facing a steady red signal alone, except when directed by separate pedestrian-control signals, shall not enter the roadway.

(4) Green arrow: Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time, but such vehicular traffic

shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully within the intersection.

(5) Whenever special pedestrian-control signals exhibiting the words "Walk" or "Don't Walk" are in place such signals shall indicate as follows: "Walk": Pedestrians facing such signals may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles; "Don't Walk": No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the "Don't Walk" signal is showing.

(c) When an illuminated flashing red or yellow signal is used in a traffic sign or signal, it shall require obedience by vehicular traffic as follows:

(1) Flashing red: When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection, or at a limit line when marked or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(2) When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles facing such signal may proceed through the intersection or past such signal only with caution.

(d) Lenses of the following colors only shall be used and shall be arranged vertically in the signal face or, when necessary, horizontally, and shall conform to the following positions: When arranged vertically, red shall be located at the top, yellow shall be located directly below red and the remaining indications below the yellow in the following order: Flashing yellow, circular green, vertical arrow, left-turn arrow and right-turn arrow, as needed; when arranged horizontally, red shall be located at the left, yellow shall be located directly to the right of red and the remaining indications to the right of yellow in the following order: Flashing yellow, left-turn arrow, circular green, vertical arrow and right-turn arrow, as needed.

(e) When lane-direction-control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green arrow signal is shown, but shall not enter or travel in any lane over which a red X signal is shown.

(f) If a traffic control signal, approved by the Office of the State Traffic Administration, is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any sign or marking the stop shall be made at the signal.

Sec. 14-300. Crosswalks. Pedestrian-control signals. Regulation of pedestrians and motor vehicles at crosswalks. Pedestrians who are blind or have guide dogs.

(a) The traffic authority shall have power to designate, by appropriate official traffic control devices, as defined in section 14-297, or markers, or by lines upon the surface of the highway, such crosswalks and intersections as, in its opinion, constitute a danger to pedestrians crossing the highway including, but not limited to, specially marked crosswalks in the vicinity of schools, which crosswalks shall have distinctive markings, in accordance with the regulations of the Office of the State Traffic Administration, to denote use of such crosswalks by school children; and may maintain suitable signs located at intervals along highways, particularly where there are no sidewalks, directing pedestrians to walk facing vehicular traffic.

(b) At any intersection where special pedestrian-control signals bearing the words "Walk" or "Don't Walk" are placed, pedestrians may cross the highway only as indicated by the signal. At any intersection where traffic is controlled by other traffic control signals or by police officers, pedestrians shall not cross the highway against a red or "Stop" signal and shall not cross at any place not a marked or unmarked crosswalk. A pedestrian started or starting across the highway on a "Walk" signal or on any such crosswalk on a green or "Go" signal shall have the right-of-way over all vehicles, including those making turns, until such pedestrian has reached the opposite curb or safety zone.

(c) Except as provided in subsection (c) of section 14-300c, at any crosswalk marked as provided in subsection (a) of this section or any unmarked crosswalk, provided such crosswalks are not controlled by police officers or traffic control signals, each operator of a vehicle shall grant the right-of-way, and slow or stop such vehicle if necessary to so grant the right-of-way, to any pedestrian crossing the roadway within such crosswalk, provided such pedestrian steps off the curb or into the crosswalk at the entrance to a crosswalk or is within that half of the roadway upon which such operator of a vehicle is traveling, or such pedestrian steps off the curb or into the crosswalk at the entrance to a crosswalk or is crossing the roadway within such crosswalk from that half of the roadway upon which such operator is not traveling. No operator of a vehicle approaching from the rear shall overtake and pass any vehicle, the operator of which has stopped at any crosswalk marked as provided in subsection (a) of this section or any unmarked crosswalk to permit a pedestrian to cross the roadway. The operator of any vehicle crossing a sidewalk shall yield the right-of-way to each pedestrian and all other traffic upon such sidewalk.

(d) The operator of a motor vehicle who approaches or comes into the immediate vicinity of a pedestrian who is blind, as defined in subsection (a) of section 1-1f, carrying a white cane or a white cane tipped with red, or a pedestrian being guided by a guide dog, shall reduce speed or stop, if necessary, to yield the right-of-way to such pedestrian. No person, except one who is blind, shall carry or use on any street or highway, or in any other public place, a cane or walking stick which is white in color or white, tipped with red.

(e) Any crosswalk designated by a traffic authority on or after October 1, 2010, pursuant to subsection (a) of this section shall be required by such authority to have markings, signage, or any control signals deemed necessary by such authority to provide sufficient time for the safe crossing of pedestrians.

(f) The operator of any motor vehicle who violates this section shall be deemed to have committed an infraction and be fined ninety dollars.

(g) In any civil action arising under subsection (c) or (d) of this section or sections 14-300b to 14-300d, inclusive, the doctrine of negligence per se shall not apply.

Sec. 14-300a. Pedestrian street markings near housing projects for elderly persons. The Office of the State Traffic Administration and each municipal traffic authority shall, on highways under their respective jurisdictions and subject to the provisions of section 14-298, provide special pedestrian street or sidewalk markings at intersections and streets in proximity to projects designated for or containing a high proportion of elderly persons.

Sec. 14-300b. Pedestrian use of crosswalks and roadways. (a) Each pedestrian crossing a roadway at any point other than within a crosswalk marked as provided in subsection (a) of section 14-300 or any unmarked crosswalk or at a location controlled by police officers shall yield the right of way to each vehicle upon such roadway. Each pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to each vehicle upon such roadway.

(b) No pedestrian shall cross a roadway intersection diagonally unless authorized by a pedestrian-control signal or police officer. When authorized by a pedestrian-control signal or police officer to cross an intersection diagonally each pedestrian shall cross only in accordance with such signals or as directed by such police officer. No pedestrian shall cross a roadway between adjacent intersections at which traffic or pedestrian-control signals are in operation except within a marked crosswalk.

(c) Each pedestrian crossing a roadway within a crosswalk shall travel whenever practicable upon the right half of such crosswalk.

(d) A violation of any provision of this section shall be an infraction.

Sec. 14-300c. Pedestrian use of roads and sidewalks. Required to yield to emergency vehicle. (a) No pedestrian shall walk along and upon a roadway where a sidewalk adjacent to such roadway is provided and the use thereof is practicable. Where a sidewalk is not provided adjacent to a roadway each pedestrian walking along and upon such roadway shall walk only on the shoulder thereof and as far as practicable from the edge of such roadway. Where neither a sidewalk nor a shoulder adjacent to a roadway is provided each pedestrian walking along and upon such roadway shall walk as near as practicable to an outside edge of such roadway and if such roadway carries motor vehicle traffic

traveling in opposite directions each pedestrian walking along and upon such roadway shall walk only upon the left side of such roadway.

(b) No pedestrian shall suddenly leave a curb, sidewalk, crosswalk or any other place of safety adjacent to or upon a roadway and walk or run into the path of a vehicle which is so close to such pedestrian as to constitute an immediate hazard to such pedestrian. No pedestrian who is under the influence of alcohol or any drug to a degree which renders himself a hazard shall walk or stand upon any part of a roadway.

(c) Each pedestrian shall yield the right-of-way to any authorized emergency vehicle, as defined by section 14-1, approaching such pedestrian and emitting any audible signal or displaying or making any visual signal reasonably indicating that such vehicle is being operated in an emergency situation. Nothing in this subsection shall be construed to relieve the driver of such an authorized emergency vehicle from any duty to drive with due regard for the safety of all persons using the highway or from the duty to exercise due care to avoid colliding with any pedestrian.

(d) Except as provided by sections 14-299, 14-300, and 14-300b to 14-300e, inclusive, each pedestrian upon a roadway shall yield the right-of-way to each vehicle upon such roadway.

(e) A violation of any provision of this section shall be an infraction.

Sec. 14-300d. Operator of a vehicle required to exercise due care to avoid pedestrian. Notwithstanding any provisions of the general statutes or any regulations issued thereunder, sections 14-299, 14-300, 14-300b to 14-300e, inclusive, or any local ordinance to the contrary, each operator of a vehicle shall exercise due care to avoid colliding with any pedestrian or person propelling a human powered vehicle and shall give a reasonable warning by sounding a horn or other lawful noise emitting device to avoid a collision. A violation of any provision of this section shall be an infraction.

Sec. 14-300e. Application of pedestrian rights to solicitation of rides in a motor vehicle and walking on limited access highways. Nothing contained in sections 14-299, 14-300 or 14-300b to 14-300d, inclusive, shall be construed to limit the provisions of section 53-181 or to permit any pedestrian to walk upon or along any highway where pedestrians are prohibited by any provision of the general statutes or any regulations issued there under.

Sec. 14-300f. Vehicles to stop for school crossing guard. Penalties. (a) The operator of any motor vehicle shall immediately bring his vehicle to a stop not less than ten feet from a location having a school crossing guard on any highway or private road when such school crossing guard specifically directs him to do so. Any motor vehicle so stopped for a school crossing guard shall not proceed until there is specific direction from the school crossing guard.

(b) Any person who violates any provision of subsection (a) of this section shall be fined not less than one hundred dollars nor more than five hundred dollars for the first offense and, for each subsequent offense, not less than five hundred dollars nor more than one thousand dollars or imprisoned not more than thirty days or both.

Sec. 14-301. Through ways. Stop signs. (a) The Office of the State Traffic Administration may designate any state highway or part thereof or any bridge upon any such highway as a through way, and may, after notice, revoke any such designation. The traffic authority of any town, city or borough may designate any highway or part thereof under the control of such town, city or borough as a through way, and may, after notice, revoke any such designation.

(b) No designation of a through way shall become effective as to regulation of traffic at any intersection thereon until the Office of the State Traffic Administration or such other traffic authority has caused signs to be erected at such intersections. Each such sign shall bear the word "stop", which shall be self-illuminated at night or so placed as to be illuminated by street lights or by headlights of approaching motor vehicles, and each such sign shall be located as near as practicable to the traveled portion of the highway at the entrance to which the stop is to be made, or at the nearest line of the crosswalk thereat, and shall be clearly visible for a distance of one hundred feet along the street intersecting the through way.

(c) The driver of a vehicle shall stop in obedience to a stop sign at such clearly marked stop line or lines as may be established by the traffic authority having jurisdiction or, in the absence of such line or lines, shall stop in obedience to a stop sign at the entrance to a through highway and shall yield the right-of-way to vehicles not so obliged to stop which are within the intersection or approaching so closely as to constitute an immediate hazard.

(d) Nothing herein contained shall prevent said office or such traffic authority from erecting such stop signs on all corners of any intersection within its jurisdiction, and thereafter the provisions of subsection (c) of this section, relating to the stopping of motor vehicles and the right-of-way within such intersection, shall apply to the operation of motor vehicles on each of the intersecting streets.

(e) The driver of a vehicle shall stop in obedience to a stop sign at a railroad crossing erected and maintained on the highway by requirement of the Commissioner of Transportation or the Office of the State Traffic Administration.

Public Act No. 14-31 An act concerning the penalty for causing harm to a vulnerable user of a public highway. Section 1. (NEW) (*Effective October 1, 2014*) (a) As used in subsection(b) of this section, (1) "vulnerable user" means: (A) A pedestrian; (B) a highway worker; (C) a person riding or driving an animal; (D) a person riding a bicycle; (E) a person using a skateboard, roller skates or in-line skates; (F) a person operating or riding on an agricultural tractor; (G) a person using a wheelchair or motorized chair; and (H) a blind person and such

person's service animal, and (2) "public way" includes any state or other public highway, road, street, avenue, alley, driveway, parkway or place, under the control of the state or any political subdivision of the state, dedicated, appropriated or opened to public travel or other use. (b) Any person operating a motor vehicle on a public way who fails to exercise reasonable care and causes the serious physical injury or death of a vulnerable user of a public way, provided such vulnerable user has shown reasonable care in such user's use of the public way, shall be fined not more than one thousand dollars.
