ADDENDUM No. 1

TOWN OF SIMSBURY

Invitation to Bid

FOR

HOT-IN-PLACE ASPHALT RECYCLING

The information provided in this Addendum is intended to supplement and clarify the existing information in the Invitation to Bid and is not to replace any part of the specification unless clearly indicated as such.

In response to a question received from a prospective BIDDER, and in an effort to receive the most competitive bids the Town has decided to alter the specification requirements for the Mill/Re-mixer Unit. The revised specifications are as follows:

Mill/Remixer Unit: Immediately following the application of the recycling agent, the BIDDER shall thoroughly mix the rejuvenating agent with the scarified material to the required depth. This process may be completed with the use of a dual-drum enclosed auger, mill head, or tines configured in a manner to perform proper and continuous blending.

Bids are due Thursday, May 24th, 2018 at 10:00am in the Office of the Finance Director.
