

Addendum #1

REQUEST FOR QUALIFICATIONS

**COMMUNITY SHARED SOLAR PILOT PROJECT
TOWN OF SIMSBURY, CT
933 HOPMEADOW STREET
SIMSBURY, CT 06070**

1. Revision to Procurement Schedule:

Please revise the procurement schedule as shown:

Pre-Submission Conference with the Town	February 1, 2016 - 10:00am
Questions Due to the Town	February 8, 2016 – 4:00pm
Responses to Questions/Addenda Issued by the Town	February 10, 2016 - 5:00pm
Qualifications Due to the Town	February 17, 2016 – 10:00am

2. Project Site and Existing Conditions:

The Town is no longer considering: Site 2 – East Side of Barndoor Triangle, or Site 3 – Public Works Facility.

The only site that will be considered is the Closed Municipal Landfill located at 68 Wolcott Road. This facility is roughly 70 acres. The site contains some wetlands and terrain features.

3. Town Use of Power:

The Town has a wastewater pump station adjacent to the landfill facility on Wolcott Road. This facility uses 42,000kW per year. The Town would entertain purchasing the power generated by the Solar Site for this facility as well as all other Town electrical needs. The Town uses roughly 4,250,000 kW per year.
